Da 50 anni diamo forma alla luce

We give a shape to light since 50 years

Belfiore nasce nel 1968 a Nove, nel cuore del Veneto. L'esordio è nella produzione di ceramiche artigianali, in una zona ricca di materie prime e di una tradizione manifatturiera. Negli anni ottanta entra nel mondo dell'illuminazione con le prime applique in ceramica. Nel 2011 nasce 9010, che entra d'impeto nel mercato dell'illuminazione da incasso, imponendosi per filosofia innovativa, completezza di gamma e soluzioni contemporanee supportate da numerosi brevetti.

EN *Belfiore was originally founded in 1968 in Nove, in the heart of Veneto. Its beginnings see the production of hand-made ceramics in an area rich in raw materials and ceramic manufacturing. In the eighties the company enters the lighting world with the first models of ceramic wall lamps. In 2011 BELFIORE created 9010, which brings together its experience and dynamism. 9010 enters with impetus the market of down lighting, imposing itself for the innovative philosophy and a wide and complete product range supported by several patents.*

DE *Belfiore wurde im Jahre 1968 in Venetien gegründet, in einer Gegend, die reich an Rohstoffen ist und in der handgemachte Keramik Tradition hat. Die Anfänge der Herstellung von Keramikwandleuchten für die Beleuchtungsindustrie liegen in den Achtzigerjahren. Im Jahr 2011 präsentiert BELFIORE schließlich die Kollektion 9010. Die Einführung dieser neuen Produkte ist letztlich auf eine rasante Entwicklung des Unternehmens zurückzuführen. Die Kollektion 9010 wird schließlich zum Vorreiter für den Beleuchtungsmarkt, speziell im Bereich Einbauleuchten. Sie überzeugt durch patentierte innovative Produkte und ein breitgefächertes Sortiment und bietet dem Planer eine Vielzahl an Gestaltungsmöglichkeiten.*

FR *Belfiore a été fondée en 1968 à Nove, au cœur de la Région Venitienne. Ses débuts ont été dans la production de céramiques artisanales, fabriquée à la main dans une région riche en matières premières et dans le respect de l'art et la tradition de fabrication. Dans les années quatre-vingt, la société entre dans le monde de l'éclairage avec les premiers modèles d'appliques en céramique. En 2011 BELFIORE crée la collection 9010 qui en saisit pleinement l'expérience et le dynamisme. 9010 entre avec impétuosité sur le marché du luminaire encastrable, en s'imposant de par sa philosophie innovante, l'exhaustivité de sa gamme et les solutions modernes et contemporaines qu'elle propose et qui sont supportées par de très nombreux brevets.*

Ci sembra di aver iniziato ieri, perché il nostro entusiasmo e la nostra dinamicità sono gli stessi, ma di cose ne sono successe davvero tante: siamo partiti in pochi, ci siamo ingranditi, abbiamo compreso i mutamenti dei tempi e fatto di tutto per rispondere alle vostre esigenze.
Abbiamo ascoltato i vostri pareri creando servizi che ci hanno resi unici e diversi. Le nuove generazioni hanno affiancato le vecchie, avviato nuove strategie e integrato strumenti di comunicazione contemporanea per offrirvi sempre qualcosa in più.
Ci siamo occupati del nostro territorio e del patrimonio ambientale con progetti di sostegno al Ponte di Bassano, ai Territori del Brenta e all'Altopiano di Asiago. Abbiamo deciso di puntare su 9010, ma siamo sempre noi, più strutturati, più efficienti, più dinamici, più moderni e più preparati.
E sono passati appena 50 anni!

EN *It feels like we started yesterday because our enthusiasm and dynamism are the same, but a lot of things have happened. We started small, we expanded, we have understood the changing of times, and have done everything to respond to your needs. We have listened to your opinions, turning them into services that have made us unique and different. The new generations have joined the old, and we have launched new strategies and integrated tools for contemporary communication to offer you something more. We have dealt with our territory and environmental heritage with projects to support the Bassano Bridge, the Territories of the Brenta and the Asiago plateau. We decided to focus on 9010. We are the same, but just more structured, efficient, dynamic, modern, and experienced.*
And it's been just 50 years!

DE *Es scheint, als ob wir erst gestern begonnen hätten, denn unsere Begeisterung und Dynamik sind unverändert. Und doch hat sich inzwischen sehr viel ereignet. Am Anfang waren wir nur einige wenige Mitarbeiter. Mit der Zeit haben wir uns vergrößert und es ist uns gelungen, mit den Veränderungen Schritt zu halten. Um Ihren Anforderungen gerecht zu werden, ist uns Ihre Meinung daher sehr wichtig. Denn wir wollen uns kontinuierlich verbessern und unsere herausragende Stellung im Markt behaupten. Neue Strategien und moderne Kommunikationsmittel sind entstanden, um Ihnen noch mehr zu anzubieten. Zum Schutz der Umwelt wirken wir zudem bei mehreren Projekten mit. Mit unserem Engagement unterstützen wir dabei u.a. den Erhalt der Brücke von Bassano, des Brenta-Territoriums und der Hochebene von Asiago. Wir setzen in Zukunft verstärkt auf 9010, denn wir sind jetzt noch effizienter, dynamischer und moderner. Es sind gerade mal 50 Jahre vergangen!*

FR *- Il nous semble avoir commencé hier, car notre enthousiasme et notre dynamisme sont restés les mêmes, mais il s'est passé beaucoup de choses : nous sommes partis peu nombreux au démarrage, nous nous sommes agrandis, nous avons compris les changements caractéristiques de notre époque et nous avons fait de notre mieux pour répondre à vos exigences. Nous avons écouté vos avis et les avons transformés en services, qui nous ont rendus uniques et différents. Les nouvelles générations se sont associées à celles qui les ont précédées, ont mis en œuvre de nouvelles stratégies et intégré des outils de communication modernes pour vous offrir toujours davantage. Nous nous sommes occupés de notre territoire et du patrimoine environnemental avec des projets de soutien pour le Pont de Bassano, les Territoires de Brenta et le plateau Asiago. Nous avons décidé de miser sur 9010, mais nous sommes restés les mêmes : plus structurés, plus efficaces, plus dynamiques, plus modernes et plus préparés.*
Et tout ça en 50 ans seulement!

Identità

Situata in una regione ricca di tesori e attività artistiche, Nove possiede una secolare tradizione di artigianato che le dona la nomea mondiale di Città della Ceramica.
Una storia che nasce dal territorio veneto: dall'Altopiano di Asiago veniva ricavato il gesso, dalle colline di Marostica l'argilla, e dai Tretto il caolino. Una realtà estesissima che, a Nove come nel resto del Veneto, ha contribuito ad accrescere la fama del Made in Italy con antiche ed illustri manifatture di grande qualità.
Un percorso cresciuto sempre più nel tempo, sino a giungere a 9010, leader nella produzione dell'illuminazione di design e prestigio, affermata sul panorama internazionale.

EN *Located in a region rich in treasures and artistic activities, Nove has a centuries-old tradition of craftsmanship that gives it the name of the City of Ceramics. A story that originates from the Veneto region. The gypsum was obtained from the Asiago plateau, the clay from the hills of Marostica, and the kaolin clay from the Tretto. A vast reality that, in Nove as in the rest of Veneto, has contributed to increasing the fame of Made in Italy with ancient and illustrious manufacturers of high quality.*
A path that has increasingly grown over time, until reaching 9010, a leader in the production of design and prestigious lighting that has established itself on the international scene.

DE *Nove liegt in einer an Kunstschätzen und –aktivitäten reichen Gegend und besitzt eine jahrhundertealte Handwerkstradition, die sie weltweit als Stadt der Keramik bekanntgemacht hat. Diese Tradition ist der Landschaft des Veneto zu verdanken, denn in der Hochebene von Asiago wurde Gips abgebaut, aus den Hügeln von Marostica stammt der Ton und aus Tretto das Kaolin. Das Töpferhandwerk war in Nove und im gesamten Veneto weit verbreitet. Die berühmten alten Qualitätsmanufakturen haben dazu beigetragen, das Prestige des "Made in Italy" zu erhöhen.*
Am Ende eines weiten Weges sind wir schließlich zu 9010 gelangt, dessen Produkte sich international großer Beliebtheit erfreuen, nicht zuletzt auch wegen des besonderen Designs.

FR *Située dans une région riche en trésors et en activités artistiques, Nove possède une tradition artisanale de plus d'un siècle, qui lui a valu sa renommée mondiale de Ville de la Céramique.*
Une histoire née dans le territoire vénitien : l'Altopiano di Asiago fournissait le gypse, les collines de Marostica l'argile, et le Tretto le kaolin. Une tradition solide qui, à Nove comme dans le reste de la Vénétie, a contribué à accroître la réputation du Made in Italy avec des manufactures anciennes et illustres, de grande qualité.
Un parcours qui s'est développé au fil du temps, jusqu'à arriver à 9010, leader de la production d'éclairage design et prestigieux affirmant sa présence sur la scène internationale.

TERRITORI DEL BRENTA

Il Marchio d'Area TERRITORI DEL BRENTA rappresenta in modo univoco non tanto e solo l'area geografica della valle, le montagne, la pedemontana del fiume Brenta, ma tutte le sue persone, imprese, comunità locali. Solo operando sotto un unico marchio si potrà garantire quella riconoscibilità di autenticità dalla forte valenza evocativa.
I valori del Marchio d'Area risiedono principalmente nel patrimonio naturale e umano dell'area. È in questa dimensione che qualità dell'ambiente, storia, tradizioni, se comunicati in forma coesa e se accuratamente organizzati, potranno elevare l'attrattività, creare nuove opportunità, professioni, posti di lavoro, cultura.

©Giò Tarantini

EN *The Area Brand TERRITORI DEL BRENTA uniquely represents not only the geographical area of the valley, the mountains, and the foothills of the river Brenta, but all of its people, businesses, and local communities. Only by operating under a single brand will it be possible to guarantee that recognition of authenticity with a strong evocative value. The values of the Area Brand mainly reside in the natural and human heritage of the area. It is in this dimension that the quality of the environment, history, traditions if communicated in a cohesive form and if carefully organized, can increase attractiveness, and create new opportunities, professions, jobs, and culture.*

DE *Die Marke TERRITORI DEL BRENTA repräsentiert zweifelsohne nicht nur das geografische Gebiet des Tals, der Berge und des Vorgebirges am Fluss Brenta, sondern auch die Menschen, die dort leben, die dort ansässigen Betriebe und Gemeinden. Nur der Auftritt unter einer einzigen Marke kann die erkennbare Authentizität mit stark evokativem Wert garantieren. Die Werte dieser Marke liegen vor allem in der Natur und in den Menschen dieser Gegend. Umwelt, Geschichte und Traditionen können – wenn sie verständlich kommuniziert und sorgfältig organisiert sind – die Attraktivität erhöhen, neue Chancen, Berufe, Arbeitsplätze und Kultur zu schaffen.*

FR *Le label de la région du TERRITOIRE DE BRENTA représente de manière univoque non seulement la zone géographique de la vallée, les montagnes, le piémont du fleuve Brenta, mais aussi tous ses habitants, ses entreprises, ses communautés locales. Seul le fait de travailler sous un label unique peut garantir une authenticité d'une grande force évocatrice. Les valeurs du label de région, résident principalement dans le patrimoine naturel et humain de la région. C'est de cette manière que la qualité de l'environnement, l'histoire et les traditions pourront augmenter l'attractivité de la région, créer de nouvelles opportunités, des métiers, des postes de travail, la culture, à travers une communication uniforme et organisée.*

MATERIALI
Materials / Materialien / Matériaux

CRISTALY® 9010

CRISTALY® è un compound originale di formulazione minerale con additivi e agenti leganti di origine naturale e rende da sempre i prodotti 9010 unici e riconoscibili.

EN CRISTALY® is an original compound of mineral formulation with natural additives and binding agents and it has always made 9010 products unique and recognizable.

DE CRISTALY® ist eine Verbindung aus Mineralstoffen, Zusatzstoffen und Bindemitteln natürlicher Herkunft, wodurch sich die Produkte 9010 auszeichnen und so einzigartig und erkennbar sind.

FR CRISTALY® est un composé original à la formulation minérale avec des additifs et des agents liants d'origine naturelle, qui rend depuis toujours les produits 9010 uniques et reconnaissables

ALUMITE® 9010

ALUMITE® è una speciale lega di alluminio che presenta innovative caratteristiche di leggerezza, brillantezza e resistenza agli agenti atmosferici, in esclusiva nei prodotti 9010.

EN ALUMITE® is a special aluminum alloy having innovative characteristics of lightness, brightness and resistance to atmospheric agents, exclusively in 9010 products.

DE ALUMITE® ist eine spezielle Aluminiumlegierung mit innovativen Merkmalen, die sie leicht, glänzend und witterungsbeständig machen. Sie wird exklusiv für die Produkte 9010 verwendet.

FR ALUMITE® est un alliage d'aluminium spécial doté de caractéristiques innovantes de légèreté, brillance et résistance aux intempéries, en exclusivité dans les produits 9010.

CONCRETE® 9010

CONCRETE® è una fusione tra CRISTALY® e leganti cementizi, sviluppati da polimeri a base acquosa ad altissime prestazioni, senza contenuto di solventi nel rispetto della salute e dell'ambiente

EN CONCRETE® is a fusion of CRISTALY® and cement binders, developed from high performance water based polymers, without solvent content in respect of health and environment

DE CONCRETE® ist eine Verschmelzung von CRISTALY® und Zementbindemitteln, die von Hochleistungs-Polymeren auf Wasserbasis ohne Lösemittelgehalt zwecks Gesundheits- und Umweltschutz entwickelt werden.

FR CONCRETE® est une fusion entre CRISTALY® et des agents liants à base de ciment, développés à partir de polymères à base d'eau haute performance, sans solvants afin de respecter la santé et l'environnement.

DONNÉES PHOTOMÉTRIQUES DISPONIBLES SUR DEMANDE

Per la collezione 9010 abbiamo scelto i migliori LED sul mercato, proposti in diversi wattaggi, temperature colore e lumen, al fine di soddisfare esigenze di applicazioni personalizzate. La temperatura colore standard dei nostri LED è 3000° K e sono disponibili le varianti 2700° K e 4000° K. La temperatura colore dei diodi è selezionata sull'ellisse MacAdam step 3, avendo quindi uno scostamento massimo dello standard di ±70° K; in questo modo garantisce la stessa tonalità di colore nel tempo, anche in caso di sostituzioni o integrazioni future. L'indice di resa cromatica (CRI) tipico è tra 85 e 90.

EN We chose for 9010 collection the best LED solutions, in a variety of wattage, colour temperature and lumen, in order to grant versatile and individual lighting propositions. Our LEDs have a standard colour temperature of 3000° K, and the versions with 2700° K and 4000° K are available. The colour temperature range on the MacAdam ellipse is step 3, the diodes are therefore guaranteed to have a maximum variation of +/- 70° K from one order to the next; in this way we can guarantee that future orders will always have the same colour, even if the chipset is changed or upgraded. The typical color rating index (CRI) is between 85 and 90.

DE Wir haben für 9010 die besten LED's in verschiedenen Wattagen, Farbtemperaturen und Lumen ausgewählt, um vielseitige und individuelle Lichtlösungen zu gewähren. Alle LEDs haben eine Standard-Farbtemperatur von 3000 °K; es sind auch Versionen mit 2700° K und 4000° K verfügbar. Die Farbtemperatur der Dioden kann mit einer 3-Step-MacAdam-Ellipse umschrieben werden, mit einer maximalen Abweichung vom Standard von +/- 70° K. Dadurch wird eine gleichbleibende Farbtonalität auf Dauer garantiert, auch bei Ersatz oder zukünftigen Integrationen. Der Farbwiedergabeindex (CRI) ist zwischen 85 und 90.

FR Pour la collection 9010, nous avons choisi les meilleures LED sur le marché, proposés avec différentes puissances, températures de couleur et lumens, afin de satisfaire les exigences d'applications personnalisées. Nos LED ont température couleur standard de 3000° K et versions à 2700° K et 4000° K sont aussi disponibles. La température de la couleur des diodes est sélectionnée sur l'échelon 3 de l'ellipse de Macadam, avec un écart maximum de ±70° K par rapport au standard. Cela garantit la conservation de la même tonalité de couleur au fil du temps, même en cas de remplacement ou d'intégrations futures. L'indice de rendu de couleur (IRC) typique est entre 85 et 90.

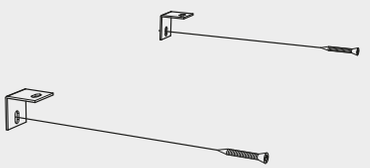
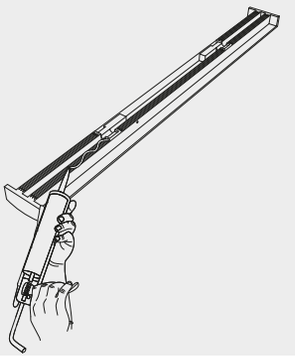
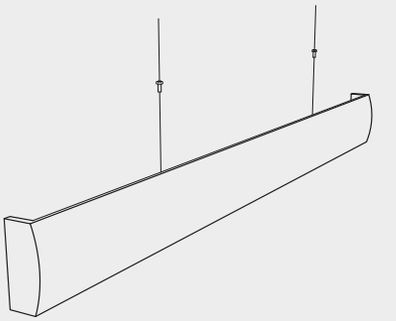
Fissare le staffe a parete
Fix the wall brackets
Befestigen Sie die Wandhalterungen
Fixer les supports muraux



Mettere il collante (siliconico, poliuretanico...) nel retro del corpo in CRISTALY®
Put the adhesive (silicone, polyurethane ...) on the back of CRISTALY® lamp
Tragen Sie den Kleber (Silikon, Polyurethan ...) auf der Rückseite der CRISTALY®-Lampe auf
Appliquer l'adhésif (silicone, polyuréthane ...) au dos de la lamp en CRISTALY®



Posizionare l'articolo alla parete e fissare le viti
Position the article on the wall and fix the screws
Legen Sie den Artikel an die Wand und befestigen Sie die Schrauben
Positionner l'article sur le mur et fixez les vis

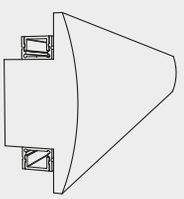


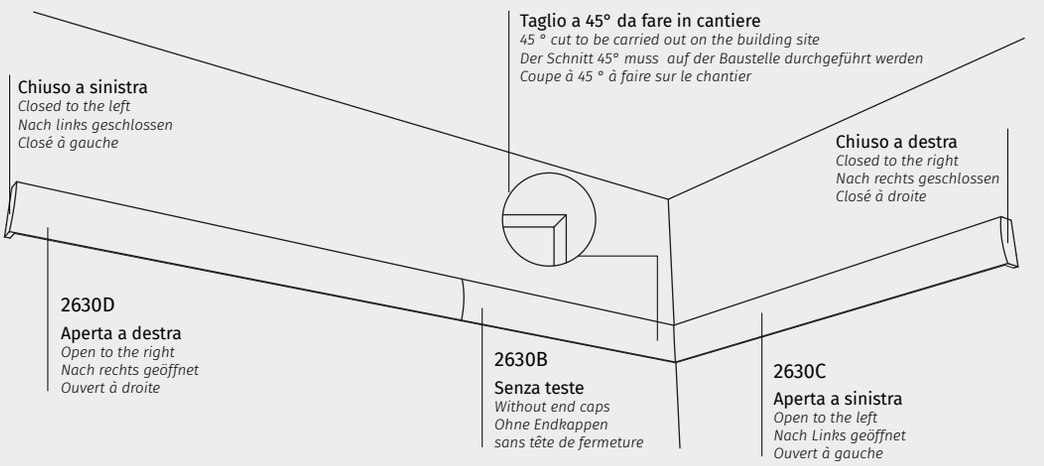
Sezione 2630A/B/C/D
fornito di profili in alluminio dotati di schermo in metacrilato opalino

ENG *Section 2630A / B / C / D equipped with ALUMITE® profiles and with opal methacrylate screen*

DE *Abschnitt 2630A / B / C / D, ausgestattet mit ALUMITE® Profilen und Abdeckungen aus Opal-Methacrylat*

FR *Section 2630A / B / C / D équipée de profilés en ALUMITE® et couverture en méthacrylate opal*





Profili in CRISTALY® e ALUMITE® dal design moderno, che grazie alla tecnologia LED 9010 permettono alla luce indiretta di illuminare adeguatamente gli ambienti. Una fonte luminosa invisibile ed uniforme, dall'ampia versatilità in quanto non richiedono installazione ad incasso.

EN CRISTALY® and ALUMITE® profiles with a modern design that, thanks to the LED 9010 technology, allows indirect light to adequately illuminate the rooms. An invisible and uniform light source, with great versatility since they do not require recessed installation.

DE Profile aus CRISTALY® und ALUMITE® mit modernem Design, die dank der Technologie LED 9010 für die richtige indirekte Raumbeleuchtung sorgen. Eine unsichtbare, gleichmäßige Lichtquelle mit hoher Vielseitigkeit, da keine Einbauinstallation erforderlich ist.

FR Profilés en CRISTALY® et ALUMITE® au design moderne qui, grâce à la technologie LED 9010, permettent à la lumière indirecte d'éclairer correctement les pièces. Une source de lumière invisible, uniforme et polyvalente, car elle ne requiert pas d'installation à encastrement.

Gli utensili non si nascondono più, anzi, diventano complementi d'arredo e utili all'illuminazione. Funzionali, ma soprattutto esteticamente interessanti. Il CRISTALY® prende vita nella quotidianità dei gesti.

EN The tools are no longer hidden, they become furnishing accessories that are useful for lighting. Functional, but above all aesthetically interesting. CRISTALY® comes to life with everyday life gestures.

DE Die Werkzeuge sind nicht mehr verdeckt, sondern dienen als Einrichtungszubehör für die Beleuchtung. Sie sind funktionell und optisch sehr interessant. CRISTALY® nimmt Gestalt an bei den Gesten des täglichen Lebens.

FR Les ustensiles ne se cachent plus, ils deviennent même une partie intégrante de l'ameublement et de l'éclairage. Fonctionnels, mais surtout esthétiquement intéressants. Le CRISTALY® prend vie dans les gestes quotidiens.

PROGETTA CON LA LUCE

DIREZIONABILI
ADJUSTABLE

PERSONALIZZABILI
CUSTOMIZABLE

VALORIZZA L'AMBIENTE
ENHANCE THE ENVIRONMENT

Faretti da incasso dal design essenziale e funzionale: sono inclinabili e adatti all'illuminazione di accento, per valorizzare colori e sfumature degli ambienti da illuminare. La peculiarità della linea di incasso colorabile li rende una fresca novità.

EN Recessed spotlights with an essential and functional design. They can be inclined and are suitable for accent lighting, and also enhance the colours and shades of the rooms to be illuminated. The peculiarity of the colourable recessed line makes it a bright novelty.

DE Einbau-Strahler mit wesentlichem, funktionellem Design. Sie sind schwenkbar und eignen sich für die Akzentbeleuchtung zur Hervorhebung von Farben und Nuancen der zu beleuchtenden Räume. Diese besondere Einbaureihe ist anstreichbar und somit eine frische Neuheit.

FR Spots à encastrer au design essentiel et fonctionnel : ils sont inclinables et adaptés pour l'éclairage d'accentuation, afin de valoriser les couleurs et les nuances des pièces à éclairer. La particularité de la gamme à encastrer colorée en fait une nouveauté rafraîchissante.

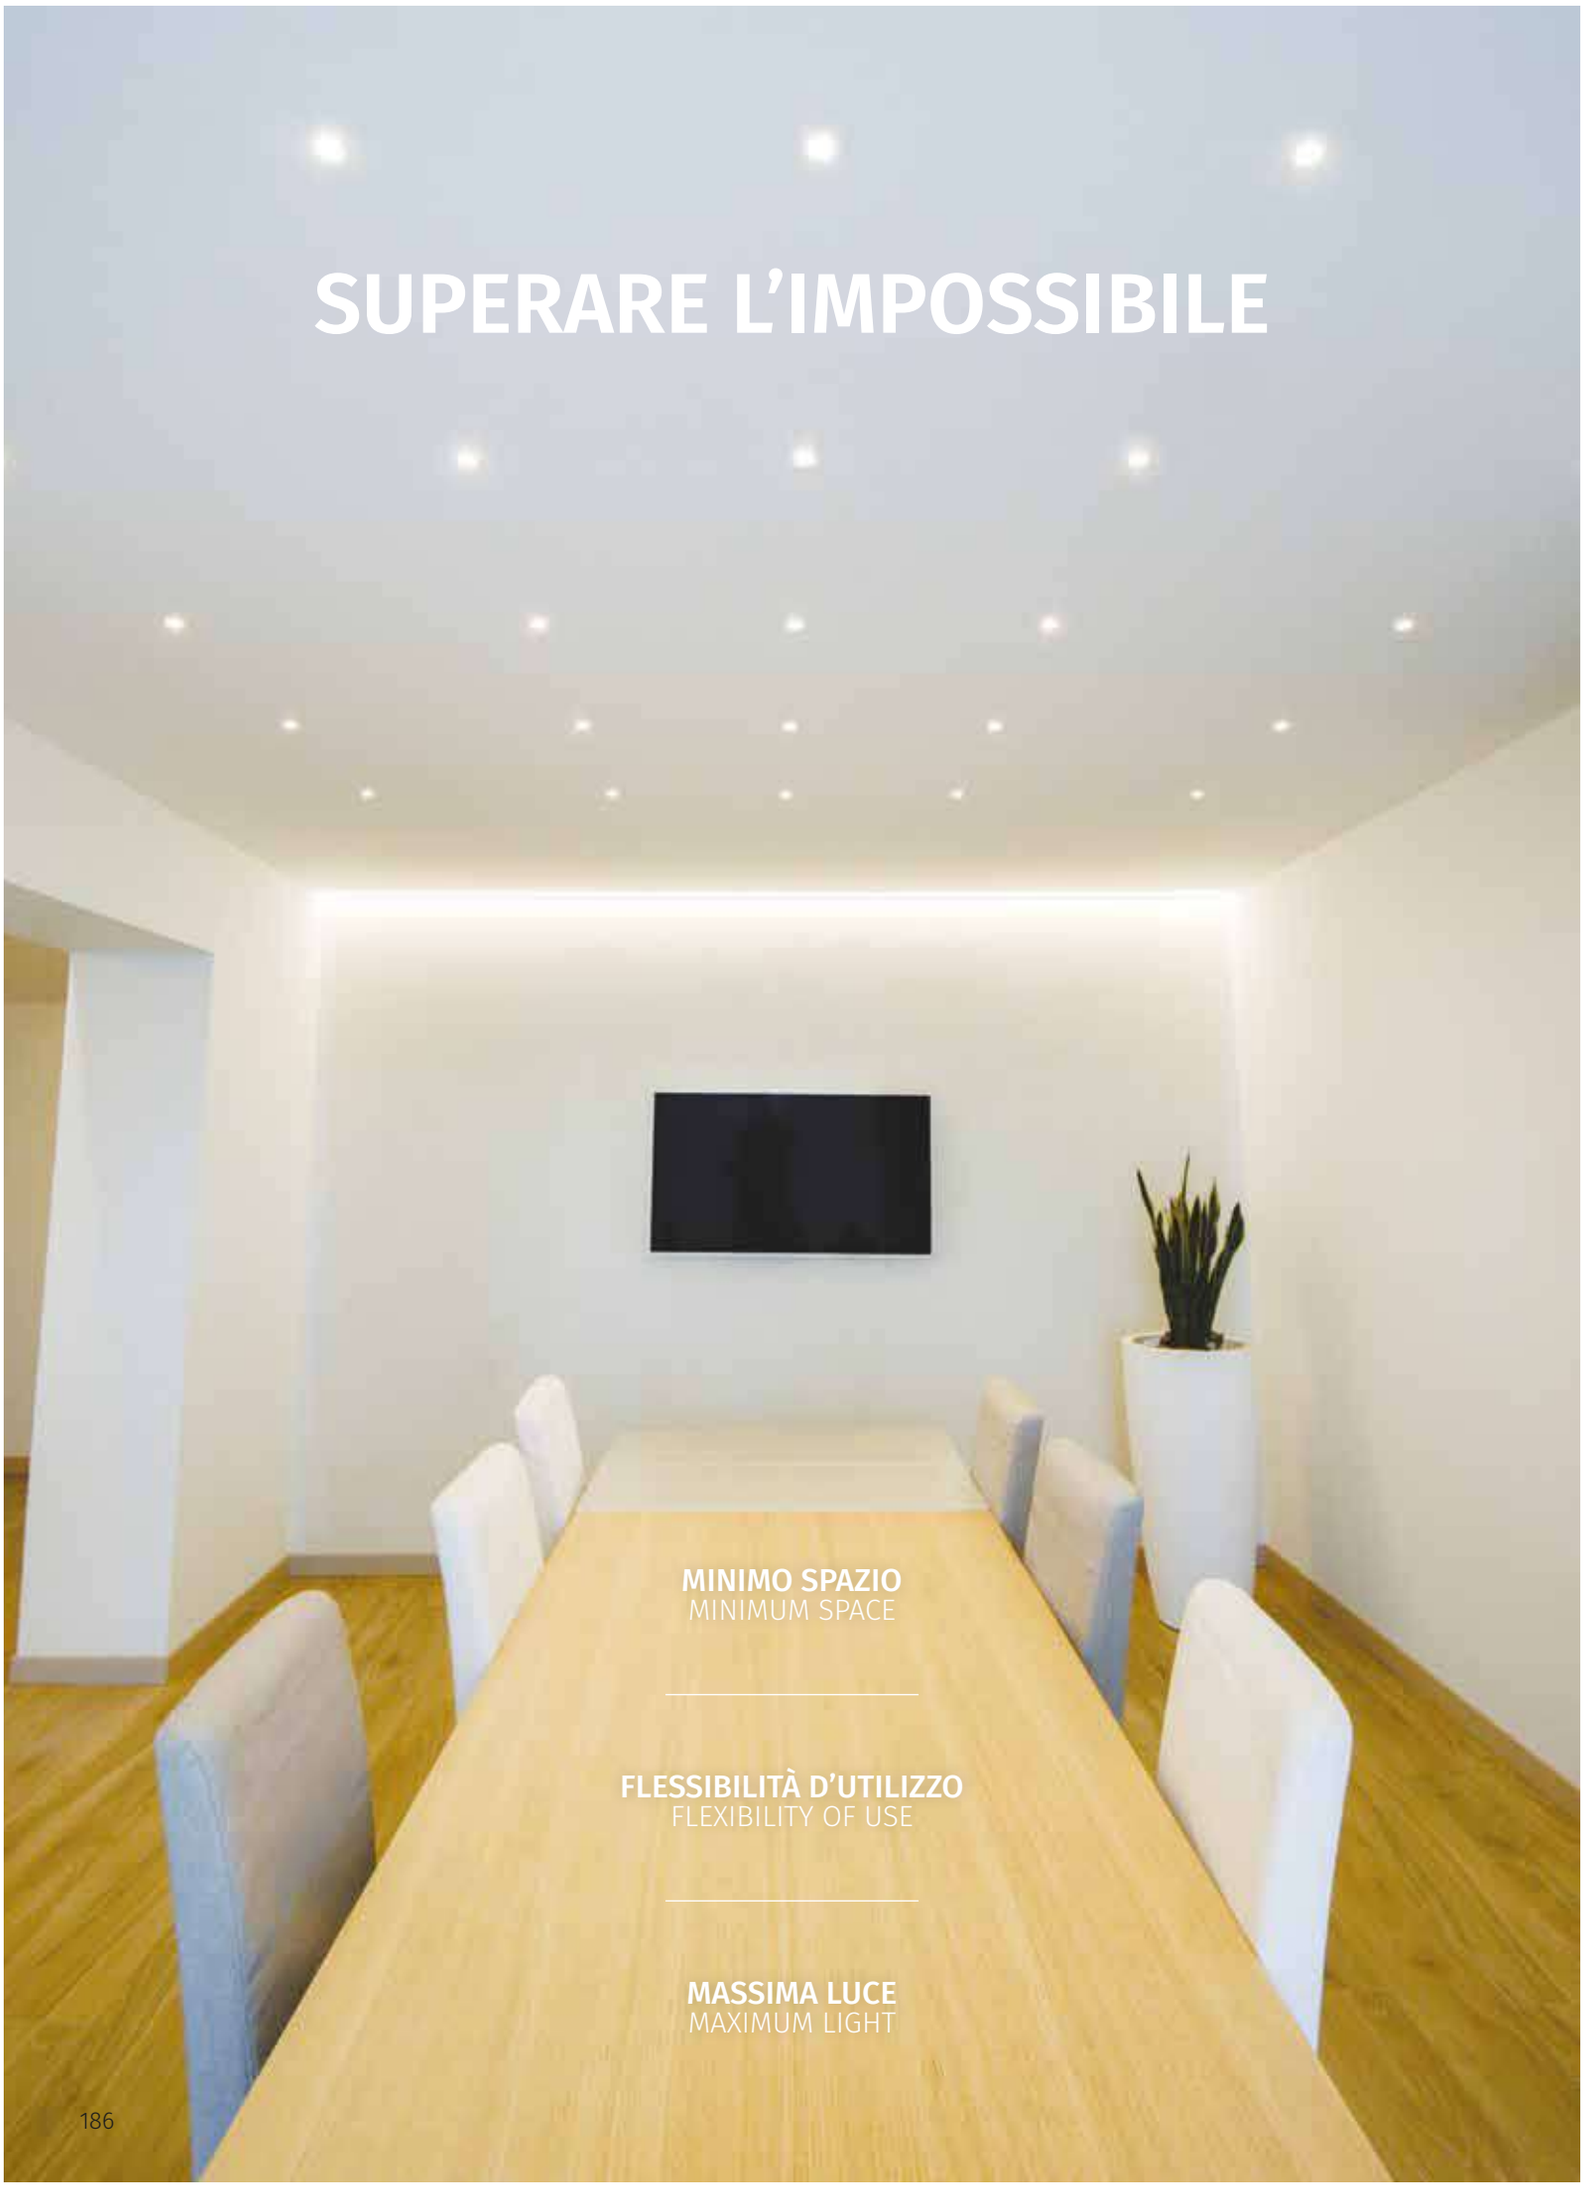
SUPERARE L’IMPOSSIBILE



MINIMO SPAZIO
MINIMUM SPACE

FLESSIBILITÀ D’UTILIZZO
FLEXIBILITY OF USE

MASSIMA LUCE
MAXIMUM LIGHT

Oltre l'impossibile, è dove siamo arrivati con i miniled rinnovati nelle due versioni con foro da Ø16 mm e Ø11 mm.

- Il 16mm con un rapporto diametro foro/lumen/ingombri unico al mondo e frutto di brevetti depositati in esclusiva da 9010.
- L' 11mm con un sistema magnetico di manutenzione innovativo e rapidissimo, in corso di brevetto.

Un vero e proprio concentrato di tecnologia: installazione in soli 30 mm di spazio.

EN We have achieved the impossible with the new mini LED lights in two versions with Ø16 mm and Ø11 mm holes. The 16 mm version, with an unrivalled hole diameter/lumen/overall size ratio, is the result of exclusive patents by 9010. The patent for the 11 mm version, with innovative and ultra-rapid magnetic maintenance system, is pending. Packed with powerful technology: installation in just 30 mm of space

DE Ein fast unmögliches Ziel haben wir mit den Minileds in den beiden erneuerten Versionen mit Bohrung Ø16 mm und Ø11 mm erreicht. Die 16 mm Ausführung mit einem einzigartigen Bohrung/Lumen/Raumbedarf-Verhältnis ist das Ergebnis der Exklusivpatente von 9010. Die 11 mm Ausführung mit einem innovativen und superschnellen Magnetwartungssystem ist zum Patent angemeldet. Ein authentisches technologisches Konzentrat: installation in lediglich 30 mm

FR Nous avons réalisé l'impossible avec les nouveaux mini LED en deux versions, avec trou de Ø16 mm et Ø11 mm. Le 16 mm avec un rapport diamètre du trou/lumen/encombrements unique au monde et est le résultat de brevets exclusifs de 9010. Le 11 mm avec un système magnétique d'entretien innovant et extrêmement rapide, avec brevet en cours de dépôt. Un véritable concentré de technologie: installation dans un espace de 30 mm seulement

Il sistema audio SONORE® viene proposto in tre modalità con subwoofer da incasso dedicato alla riproduzione di suoni a bassa frequenza.

EN The audio system SONORE® is proposed in three solutions, with recessed subwoofer dedicated to the reproduction of low frequency sounds.
DE Das Audiosystem SONORE® wird in drei Versionen mit einem Einbau-Subwoofer zur Wiedergabe der Niederfrequenztöne angeboten.
FR Le système audio SONORE® est proposé en trois modalités avec subwoofer encastrable dédié à la reproduction des sons à basse fréquence.

AMPLIFICATORE ESTERNO / EXTERNAL AMPLIFIER / EXTERNEN VERSTÄRKERS / AMPLIFICATEUR EXTERIEUR

Sistema passivo con utilizzo di amplificatore esterno, in grado di pilotare da 2 fino a un massimo di 4 prodotti della serie SONORE®, con a bordo il sistema diffusore per le medie alte frequenze.

EN Passive system, with use of EXTERNAL AMPLIFIER, able to drive 2 to 4 products from the SONORE® collection, with on board sound diffuser system, for medium high frequencies.

DE Passives System, mit Verwendung eines EXTERNEN VERSTÄRKERS, zur Steuerung von 2 bis 4 Produkten der Baureihe SONORE®, ausgestattet mit einem Verteilersystem für mittelhohe Frequenzen.

FR Système passif avec utilisation d'un AMPLIFICATEUR EXTERIEUR, en mesure de piloter de 2 à 4 produits de la série SONORE® avec, à bord, le diffuseur pour les moyennes-hautes fréquences.

SCHEDA DI RETE / NETWORK CARD / NETZKARTE / CARTE RESEAU

Sistema attivo con scheda di rete, in grado di pilotare da 2 fino ad un massimo di 4 prodotti della serie SONORE®, con a bordo il sistema diffusore per le medie alte frequenze. Ideale per zone indipendenti o multiroom gestibili direttamente dalla rete con smartphone, tablet e PC.

EN Active system with NETWORK CARD, capable of driving 2 to 4 products from the SONORE® collection, with on board sound diffuser system, for medium to high frequencies. The ideal solution for independent areas or multiroom audio, controllable directly from the network with smartphone, tablet and PC.

DE Aktives System mit NETZKARTE, zur Steuerung von 2 bis 4 Produkten der Baureihe SONORE®, ausgestattet mit einem Verteilersystem für mittel-hohe Frequenzen. Ideal für unabhängige Bereiche oder Mehrzimmereinheiten, kann das System direkt über Smartphone, Tablet oder PC verwaltet werden.

FR Système actif avec CARTE RESEAU, en mesure de piloter de 2 à 4 produits de la série SONORE® avec, à bord, le diffuseur pour les moyennes-hautes fréquences. Idéal pour zones indépendantes ou multiroom gérables directement via smartphone, tablette et PC.

BLUETOOTH

Sistema attivo con amplificatore tre canali, completo di bluetooth in grado di pilotare da 2 fino ad un massimo di 4 prodotti della serie SONORE®, con a bordo il sistema per le medie alte frequenze. Ideale per zone indipendenti facilmente gestibili con tecnologia bluetooth presente su tutti i device PC.

EN Active system with three channels amplifier, equipped with BLUETOOTH capable of driving 2 to 4 products from the SONORE® collection, with on board sound diffuser system, for medium to high frequencies. The ideal solution for independent areas, controllable with Bluetooth technology present on all devices and PC.

DE Aktives System mit Drei-Kanal-Verstärker, komplett mit BLUETOOTH, zur Steuerung von 2 bis 4 Produkten der Baureihe SONORE®, ausgestattet mit einem Verteilersystem für mittel-hohe Frequenzen. Ideal für unabhängige Bereiche, kann das System problemlos mit allen mit Bluetooth vereinbaren Geräten und PCs gesteuert werden.

FR Système actif avec amplificateur à trois canaux, doté de BLUETOOTH, en mesure de piloter de 2 à 4 produits de la série SONORE® avec, à bord, le système pour les moyennes-hautes fréquences. Idéal pour zones indépendantes facilement gérables avec la technologie Bluetooth présente sur tous les dispositifs et PC

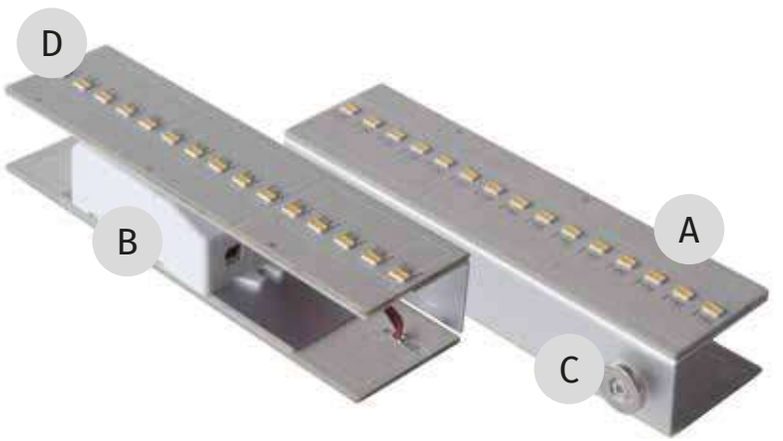
KIT LED

Il KIT LED è stato pensato per essere installato nella maggior parte degli articoli della nostra collezione; è proposto in varie lunghezze/potenze per essere utilizzato in diverse misure di applique. I LED sono distribuiti omogeneamente nella larghezza del prodotto così da evitare una luce eccessiva e abbagliante in un solo punto e creare un effetto più gradevole all'occhio.

EN *The new LED kit has been designed to work with almost all of the products in the collection; it is proposed in a number of sizes/power options so it can be used on different length wall brackets. The LEDs are distributed evenly across the width of the products to avoid having a strong single point of illumination and therefore any glare and to create a pleasant visual impact.*

DE *Das neue KIT LED ist für die Beleuchtung der meisten Artikel unserer Kollektion geeignet. Es wird in verschiedenen Längen und Leistungen angeboten, um für unterschiedliche Größen von Wandlampen verwendet werden zu können. Die LEDs sind gleichmäßig über die Breite des Produkts verteilt, damit ein blendendes bzw. übermäßiges Licht an einzelnen Stellen ausgeschlossen werden kann und ein angenehmer Effekt für das Auge gewährleistet ist.*

FR *Le KIT LED a été conçu pour être installé dans la plupart des articles de notre collection, il est disponible en différentes longueurs/puissances pour être utilisé dans différentes dimensions d'appliques. Les LED sont réparties de manière homogène sur la largeur du produit, de manière à éviter une lumière excessive et éblouissante à un seul endroit, ce qui permet de créer un effet plus agréable pour l'œil.*



A **Protezione siliconica**

B **Alimentatore**
Collegato e installato all'interno dell'applique

C **Aggancio magnetico**
Grazie all'aggancio magnetico il prodotto risulta estremamente facile e rapido da installare o da rimuovere in caso di manutenzione

D **Diodi LED**
I diodi sono rivestiti da una vernice extra trasparente che li protegge dalla polvere e ne permette la pulizia.

EN

A *Silicon coating*

B *Power supply*
Connected and installed inside the wall lamp.

C *Magnetic connection system*
Thanks to the magnetic connection system the product is easy and quick to install or remove for maintenance.

D *Led diodes*
The diodes are protected by an ultraclear coating that keeps them dust free and allows easy cleaning.

DE

A *Silikonbeschichtung*

B *Betriebsgerät*
In der Wandleuchte installiert und angeschlossen

C *Magnethaken*
Dank des Magnethakens kann das Produkt extrem schnell und einfach installiert bzw. zur Wartung und Reparatur abgenommen werden.

D *Led-dioden*
Die Dioden sind mit einer extra-klaren Lackierung beschichtet, die sie vor Staub schützt und eine einfache Reinigung ermöglicht.

FR

A *Protection siliconique*

B *Alimentation*
Connecté et installé à l'intérieur de l'applique.

C *Système de connexion magnétique*
Grâce au couplage magnétique, le produit est extrêmement facile et rapide à installer ou à enlever en cas de maintenance

D *Diodes de led*
Les diodes sont protégées par un revêtement ultra-transparent qui les protège de la poussière et facilite le nettoyage.

ALIMENTAZIONE A CORRENTE COSTANTE

Constant current power supply / Konstantstrombetriebsgerät / Alimentation en courant constant

C.C.
[m.A.]

I prodotti con l'indicazione C.C. [m.A.] necessitano di un alimentatore con uscita in corrente costante. Il collegamento di più articoli funzionanti in corrente costante deve essere effettuato in serie poiché ogni apparecchio deve essere attraversato dalla medesima corrente [mA].

EN *Products marked with C.C. [m.A.] require a constant current output power supply. Appliances powered at constant current must be connected together in series as each appliance must be powered at the same current [mA].*

DE *Die Produkte mit der Kennzeichnung C.C. [m.A.] benötigen ein Betriebsgerät mit Konstantstromausgang. Der Anschluss von mehreren, mit Konstantstrom betriebenen Artikeln muss in Reihe geschaltet erfolgen, weil jedes einzelne Gerät vom gleichen Strom [mA] gespeist werden muss.*

FR *Les produits portant l'indication C.C. [m.A.] nécessitent une alimentation avec sortie à courant constant. La connexion de plusieurs articles fonctionnant en courant constant doit être effectuée en série puisque chaque appareil doit être traversé par le même courant [mA].*

Scelta dell'alimentatore

1. L'uscita dell'alimentatore deve essere a corrente costante (costant current). La corrente [mA] in uscita deve essere uguale a quella nominale dell'articolo da pilotare.

2. La somma delle Potenze [W] dei faretti da alimentare non deve superare la potenza di targa dell'alimentatore

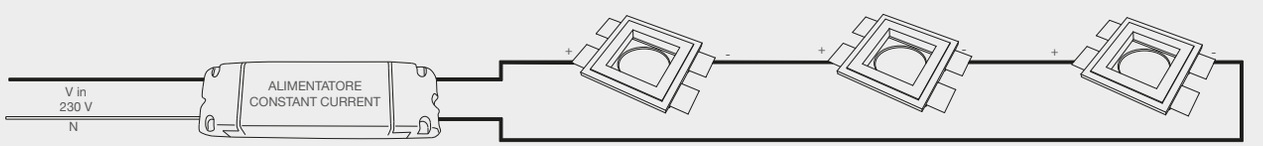
EN *Choosing the power supply*
1. The power supply output must be at constant current. The output current [mA] must be equal to the rated output current of the powered appliance.
2. The sum of the power outputs [W] of the spotlights to power must not exceed the rated power output of the power supply.

DE *Wahl des Betriebsgeräts*
1. Der Ausgang des Betriebsgeräts muss mit Konstantstrom (constant current) sein. Der Ausgangsstrom [mA] muss gleich als der Nennstrom des zu steuernden Artikels sein.
2. Die Summe der Leistungen [W] der zu speisenden Spots darf die Nennleistung des Betriebsgeräts nicht überschreiten.

FR *Choix de l'alimentation*
1. L'alimentation doit avoir une sortie à courant constant (constant current). Le courant [mA] de sortie doit être égal au courant nominal de l'article devant être piloté.
2. La somme des puissances [W] des spots qui doivent être alimentés ne doit pas dépasser la puissance indiquée sur la plaquette de l'alimentation.

Esempio di collegamento di più articoli alimentati in corrente costante / *Example of connecting appliances powered at constant current / Anschlussbeispiel von mehreren, mit Konstantstrom versorgten Artikeln / Exemple de connexion de plusieurs articles alimentés en courant constant*

Collegamento in serie
Connection in series / Reihenschaltung / Connexion en série



ALIMENTAZIONE A TENSIONE COSTANTE

Constant voltage power supply / Ledsysteme mit Konstantspannungsbetriebsgerät / Alimentation à tension constante

C.V.
[V]

I prodotti con l'indicazione C.V. [V] necessitano di un alimentatore con uscita in tensione costante. Il collegamento di più articoli funzionanti in tensione costante deve essere effettuato in parallelo poiché ogni apparecchio deve essere alimentato allo stesso voltaggio [V]. Tutti gli articoli della collezione 9010 che necessitano di un'alimentazione in tensione costante di 24Vdc sono dotati di circuito LED personalizzato 9010 .

EN *Products marked with C.V. [V] require a constant voltage output power supply. Appliances powered at constant voltage must be connected together in parallel as each appliance must be powered at the same voltage [V]. All the items in the 9010 collection that require a 24 Vdc constant voltage power supply are fitted with the customised 9010 LED circuit.*

DE *Die Produkte mit der Kennzeichnung C.V. [V] benötigen ein Betriebsgerät mit einem Konstantspannungsausgang. Der Anschluss von mehreren mit Konstantspannung betriebenen Artikeln muss parallel erfolgen, weil alle Geräte mit dem gleichen Spannung [V] gespeist werden müssen. Alle Artikel der Kollektion 9010, die ein 24Vdc-Konstantspannungsbetriebsgerät benötigen, sind mit dem personalisierten 9010-LED-Kreis ausgestattet.*

FR *Les produits portant l'indication C.V. [V] nécessitent une alimentation avec sortie à tension constante. La connexion de plusieurs articles fonctionnant en tension constante doit être effectuée en parallèle puisque chaque appareil doit être alimenté avec le même voltage [V]. Tous les articles de la collection 9010 qui nécessitent une alimentation avec une tension constante de 24 Vdc sont dotés du circuit LED personnalisé 9010.*

Scelta dell'alimentatore

1. L'uscita dell'alimentatore deve essere a tensione costante (costant voltage) e la tensione in uscita [V] deve essere uguale a quella nominale dell'articolo da pilotare.

2. La somma delle potenze [W] dei faretti da alimentare non deve superare la potenza di targa dell'alimentatore

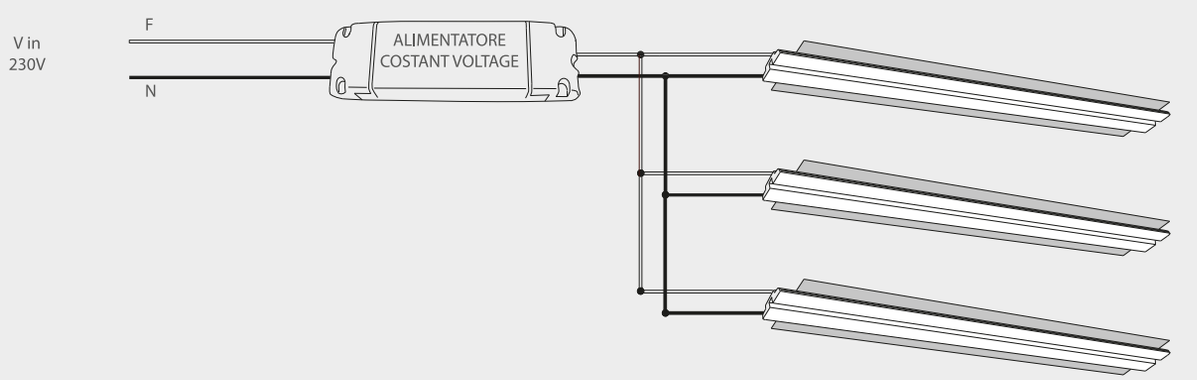
EN *Choosing the power supply*
1. The power supply output must be at constant voltage and the output voltage [V] must be equal to the rated output voltage of the powered appliance.
2. The sum of the power outputs [W] of the spotlights to power must not exceed the rated power output of the power supply.

DE *Wahl des Betriebsgeräts*
1. Der Ausgang des Betriebsgeräts muss mit Konstantspannung (costant voltage) sein. Die Ausgangsspannung [V] muss der Nennspannung des zu steuernden Artikels entsprechen.
2. Die Summe der Leistungen [W] der zu speisenden Spots darf die Nennleistung des Betriebsgeräts nicht überschreiten.

FR *Choix de l'alimentation*
1. L'alimentation doit avoir une sortie à tension constante (costant voltage) et la tension de sortie [V] doit être égale à la tension nominale de l'article devant être piloté ;
2. La somme des puissances [W] des spots qui doivent être alimentés ne doit pas dépasser la puissance indiquée sur la plaquette de l'alimentation.

Esempio di collegamento di più articoli alimentati in Tensione costante / *Example of connecting appliances powered at constant voltage / Anschlussbeispiel von mehreren, mit Konstantspannung versorgten Artikeln / Exemple de connexion de plusieurs articles alimentés en tension constant*

Collegamento in parallelo
Connection in parallel / Parallelschaltung / Connexion en parallèle



TIPOLOGIE DI CONTROLLO DELL'ILLUMINAZIONE

Types of light control systems / Steuermöglichkeiten der Beleuchtung / Types de contrôle de l'éclairage

Alimentatore dimmerabile tramite pulsante

La pressione sul pulsante comanda l'accensione del prodotto e ne regola l'intensità luminosa:
• Pressione breve del pulsante (accensione / spegnimento)
• Pressione prolungata del pulsante (variazione dell'intensità luminosa).
Può essere collegato all'alimentatore qualsiasi pulsante di comando con contatto normalmente aperto. N.B. Il pulsante non è fornito con l'alimentatore.

EN *Power supply with dimmer-regulating button*
Press the button to switch on the appliance and adjust its light intensity: · Press and release the button (switch on / off) · Press and hold down the button (change light intensity). Any control button with a normally open contact can be connected to the power supply. N.B. The button is not supplied with the power supply.

DE *Mittels Taste dimmbares Betriebsgerät*
Durch Drücken der Taste wird das Gerät eingeschaltet und die Leuchtstärke geregelt: · kurzes Drücken der Taste (Einschalten / Ausschalten) · langes Drücken der Taste (Variieren der Lichtstärke) Hinweis: Die Taste wird nicht mit dem Betriebsgerät geliefert. An das Betriebsgerät kann jede beliebige Steuertaste mit Schließer angeschlossen werden. N.B. Die Taste ist nicht im Lieferumfang enthalten.

FR *Alimentation dimmable avec bouton poussoir*
La pression du bouton commande l'allumage du produit et règle l'intensité lumineuse : · Pression brève sur le bouton (allumage/extinction) · Pression prolongée sur le bouton (variation de l'intensité lumineuse). Tous les boutons de commande avec contact normalement ouvert peuvent être reliés à l'alimentation. N.B. Le bouton n'est pas fourni avec l'alimentation.

Alimentatore dimmerabile tramite segnale analogico 0-10 V

Questa tipologia di comando consiste nell'applicare all'alimentatore un segnale analogico che può variare dai 0V (illuminazione al minimo) ai 10V (illuminazione massima).

EN *Power supply with dimmer-regulating 0-10 V analogue signal*
This control typology involves applying an analogue signal to the power supply which can range from 0V (minimum lighting) to 10 V (maximum lighting).

DE *Mittels 0-10V – Analogsignal dimmbares Betriebsgerät*
Bei dieser Steuerart wird das Betriebsgerät mittels eines Analogsignals gesteuert, das von 0V (Mindestbeleuchtung) bis zu 10V (maximale Beleuchtung) variieren kann.

FR *Alimentation dimmable avec signal analogique 0-10 V*
Ce type de commande consiste à appliquer à l'alimentation un signal analogique qui peut aller de 0V (éclairage minimum) à 10 V (éclairage maximum).

Alimentatore dimmerabile tramite sistema DALI

L'alimentatore può essere pilotato attraverso un'unità di controllo compatibile con lo standard DALI.

EN *Power supply with dimmer-regulating DALI system*
The power supply can be powered via a DALI-compatible control unit.

DE *Mittels DALI-System Dimmbares Betriebsgerät*
Das Betriebsgerät kann mittels einer mit dem DALI-Standard kompatiblen Steuereinheit gesteuert werden.

FR *Alimentation dimmable avec système DALI*
L'alimentation peut être commandée à travers une unité de commande compatible avec le protocole DALI.

Alimentatore dimmerabile a taglio di fase

Tecnologia di dimmerazione già diffusa per le lampade tradizionali a tensione di rete (vecchie incandescenza o alogene).
L'intensità della luce del LED può essere variata agendo direttamente sul primario dell'alimentatore tramite l'utilizzo di un dispositivo di comando esterno (non fornito con la lampada) con uscita a fase tagliata.

EN *Phase cutting dimmable power supply*
Dimming technology already diffused for traditional mains voltage lamps (old incandescent or halogen bulbs).
The intensity of the LED light can be varied by acting directly on the primary power supply using an external control device (not supplied with the lamp) with a cut phase output.

DE *Dimmbares netzgerät mit phasenabschnitt*
Für herkömmliche Lampen mit Netzspannung (Glüh- und Halogenlampen) bereits verwendete Dimmtechnik.
Die Lichtintensität der LED kann durch direktes Einwirken auf den Primärkreis des Netzgeräts unter Verwendung eines externen Steuergeräts (nicht mit der Lampe geliefert) mit Phasenabschnitt am Ausgang geändert werden.

FR *Alimentation dimmable à coupure de phase*
Technologie de variation déjà répandue pour les lampes traditionnelles à tension de réseau (vieilles ampoules à incandescence ou halogènes).
Il est possible de varier l'intensité de la lumière de la LED directement à travers le primaire de l'alimentation à l'aide d'un dispositif de commande extérieur (non fourni avec la lampe) avec sortie à phase coupée.

Dimmerazione su articoli LED controllati in corrente costante
9010 mette a disposizione una vasta gamma di alimentatori dimmerabili con uscita in Corrente Costante. Per le tre tipologie di controllo (Push, 0-10V e DALI) ci sono diverse opzioni per taglie di potenza e corrente diverse, come indicato nella tabella di ogni articolo.

EN *Dimmer-regulated LED appliances with constant current control*
9010 features an extensive range of dimmer-regulated power supplies with Constant Current output. Different options with different power and current outputs are available for all three control typologies (Push, 0-10 V and DALI), as indicated in the details of each article page.

DE *Dimmen von Ledgeräten mit Konstantstromversorgung*
9010 novantadieci bietet eine große Auswahl von dimmbaren Betriebsgeräten mit Konstantstromausgang. Für die drei vorgenannten Steuerarten (Push, 0-10V und DALI) stehen diverse Optionen mit unterschiedlichen Leistungen und Stromstärken zur Verfügung, wie in den Details jeder Artikelseite angegeben.

FR *Dimmeration sur articles LED contrôlés en courant constant*
9010 propose une vaste gamme d'alimentations dimmables avec sortie en courant constant. Pour les trois types de contrôle (Push, 0-10V et DALI), il existe plusieurs options différentes de puissance et de courant, comme indiqué dans le tableau de chaque article.

Dimmerazione su articoli LED controllati in tensione costante
9010 offre due possibilità per la dimmerazione di LED comandati in tensione costante:

EN *Dimmer-regulated LED appliances with constant voltage control*
9010 offers two possibilities of dimming LEDs with constant voltage control:

DE *Ledsysteme mit Konstantspannungsbetriebsgerät*
9010 novantadieci bietet zwei Möglichkeiten zum Dimmen von mit Konstantspannung gesteuerten LEDs:

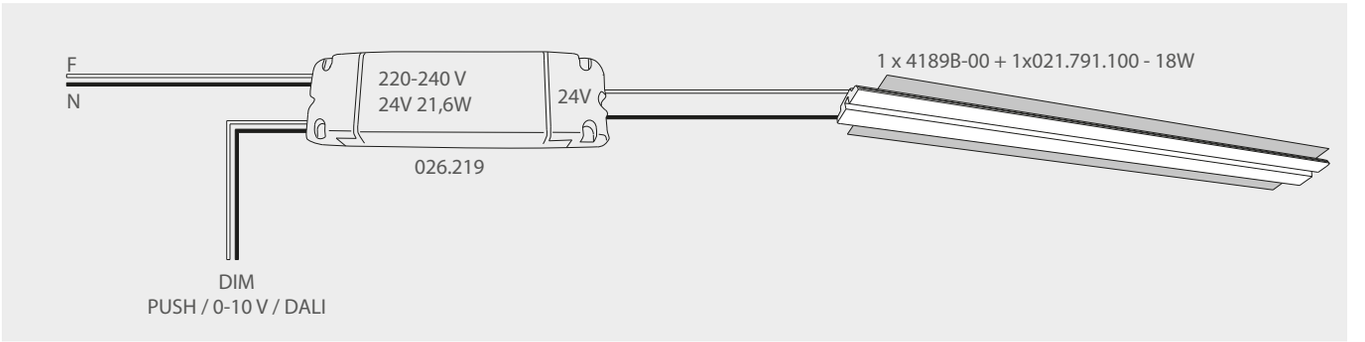
FR *Variation sur articles LED contrôlés en tension constante*
9010 offre deux possibilités pour la variation de LED commandées en tension constante:

1. TRAMITE ALIMENTATORE DIMMERABILE:
Questa soluzione è ideale per sistemi di bassa potenza (fino a max 25W totali), per alimentare il dispositivo LED si usa direttamente un alimentatore provvisto della parte di comando per la dimmerazione.

EN *1. WITH DIMMER-REGULATED POWER SUPPLY: This solution is ideal for low power systems (up to a total of 25 W); a power supply fitted with a dimmer control feature is used to directly power the LED device.*

DE *1. MITTELS DIMMBAREM BETRIEBSGERÄT: Diese Lösung ist ideal für Niedrigleistungssysteme (bis max. 25W insgesamt). Um das LEDGerät zu speisen, verwendet man direkt ein Betriebsgerät, das mit einem Steuerelement zur Dimmung ausgestattet ist.*

FR *1. AVEC ALIMENTATION DIMMABLE : Cette solution est idéale pour les systèmes à basse puissance (jusqu'à 25 W max. au total), pour alimenter le dispositif LED on utilise directement une alimentation dotée de la partie de commande pour la variation.*



2. TRAMITE DRIVER DIMMERABILE:
Questa soluzione è ideale per sistemi di potenza elevata, per controllare il dispositivo si interpone tra l'uscita dell'alimentatore ed il LED un driver che prevede l'ingresso del segnale per poter dimmerare il LED.

EN *2. WITH DIMMER-REGULATED DRIVER: This solution is ideal for high power systems; to control the device, a driver with signal input used to dim the LED is inserted between the power supply output and the LED.*

DE *2. MITTELS DIMMBAREM TREIBER: Diese Lösung ist ideal für Systeme mit hoher Leistung. Zur Steuerung des Geräts wird zwischen dem Ausgang des Betriebsgeräts und dem LED ein Treiber mit Signaleingang gesetzt, um die LED dimmen zu können.*

FR *2. AVEC DRIVER DIMMABLE : Cette solution est idéale pour les systèmes à puissance élevée, pour contrôler le dispositif on place entre la sortie de l'alimentation et la LED un driver qui prévoit l'entrée du signal pour pouvoir varier la LED.*

CASAMBI

9010 propone una serie di alimentatori compatibili con la collaudata applicazione CASAMBI che permette di gestire in maniera intuitiva gli apparecchi luminosi.

La gestione tramite smartphone, tablet, altri dispositivi può avvenire in modo rapido:

- Personalizzando SCENARI di luce
- Selezionando il controllo da GALLERIA
- Controllando le singole LAMPADE da foto

Il controllo può avvenire anche tramite display o pulsante di controllo delle luci.

EN *9010 proposes a series of power supplies that are compatible with the tested CASAMBI application that allows you to intuitively manage the lighting fixtures. The power supplies can be quickly managed using smartphones, tablets, other devices:*

- *You can customise your light SCENARIOS*
- *You can select the control from the GALLERY*
- *You can control the individual LAMPS from an image*

It can also be controlled using a display or light control button.

DE *9010 umfasst eine Reihe von Netzgeräten, die mit der bewährten CASAMBI-Applikation für die intuitive Steuerung der Leuchtmittel kompatibel sind. Schnelle Steuerung per Smartphone, Tablet und anderen Geräten unter:*

- *Personalisierung der LICHTSZENARIEN*
- *Auswahl der Steuerung über GALERIE*
- *Steuerung der einzelnen LEUCHTEN über Foto*

Die Steuerung kann auch mittels Display oder Steuertaster der Leuchten erfolgen.

FR *9010 propose une série d'alimentations compatibles avec l'application CASAMBI, qui permet de gérer de manière intuitive les appareils lumineux. La gestion par smartphone, tablette ou d'autres appareils peut être effectuée rapidement :*

- *En personnalisant des SCÉNARIOS de lumière*
- *En sélectionnant le contrôle depuis la GALERIE*
- *En contrôlant chaque LAMPE depuis une photo*

Le contrôle peut également être réalisé depuis l'affichage ou le bouton de commande des lumières.

ALIMENTATORI 9010 COMPATIBILI CASAMBI / *9010 DRIVERS SUITABLE FOR CASAMBI / 9010 BETRIEBSGERÄTE CASAMBI KOMPATIBEL / ALIMENTATIONS 9010 COMPATIBLES CASAMBI*

026.277

Alimentatore multipotenza per moduli LED in corrente costante (CC) di potenza massima 38W, fornito di dip-switch per la taratura dell'uscita con integrato ricevitore wireless CASAMBI e dotato di ingresso ausiliario programmabile dall'applicazione. Questo permette di agire su qualsiasi dispositivo (o gruppi di dispositivi) presente all'interno della rete CASAMBI.

EN *Multi-power supply for LED modules with a constant current (CC) of maximum power of 38W, equipped with dip-switch for the output calibration with an integrated CASAMBI wireless receiver and equipped with auxiliary input that can be programmed using the app. This allows you to use any device (or groups of devices) present within the CASAMBI network..*

DE *Mehrleistungs-Netzgerät für LED-Module mit Konstantstrom (CC), max. 38 W Leistung, ausgestattet mit Dipschalter zur Ausgangsregelung mit integriertem kabellosem CASAMBI-Empfänger und über die Applikation programmierbarem Eingang. Dadurch kann jedes Gerät (oder Gerätegruppen) im CASAMBI-Netzwerk gesteuert werden.*

FR *Alimentation à puissances multiples pour modules LED en courant constant (CC) d'une puissance maximale de 38W, dotée de commutateur DIP pour l'étalonnage de la sortie avec récepteur sans fil CASAMBI intégré et doté d'une entrée auxiliaire programmable depuis l'application. Cela permet de commander n'importe quel dispositif (ou des groupes de dispositifs) présent dans le réseau CASAMBI.*

026.288

Alimentatore per moduli led in tensione costante (CV) di potenza massima 35W con integrato ricevitore wireless CASAMBI e dotato di ingresso ausiliario programmabile dall'applicazione. Questo permette di agire su qualsiasi dispositivo (o gruppi di dispositivi) presente all'interno della rete CASAMBI.

EN *Power supply for LED modules in constant voltage (CV) of maximum power of 35W with integrated CASAMBI wireless receiver and equipped with auxiliary input that can be programmed using the app. This allows you to use any device (or groups of devices) present within the CASAMBI network.*

DE *ANetzgerät für LED-Module mit Konstantspannung (CV) mit max. 35 W Leistung und integriertem kabellosem CASAMBI-Empfänger und über die Applikation programmierbarem Eingang. Dadurch kann jedes Gerät (oder Gerätegruppen) im CASAMBI-Netzwerk gesteuert werden.*

FR *Alimentation pour modules LED en tension constante (CV) d'une puissance maximale de 35W, avec récepteur sans fil CASAMBI intégré et doté d'une entrée auxiliaire programmable depuis l'application. Cela permet de commander n'importe quel dispositif (ou des groupes de dispositifs) présent dans le réseau CASAMBI.*

026.289

Dimmer con ingresso in 24Vdc per moduli led in tensione costante (CV) di potenza massima 240W con integrato ricevitore wireless CASAMBI e dotato di ingresso ausiliario programmabile dall'applicazione. Questo permette di agire su qualsiasi dispositivo (o gruppi di dispositivi) presente all'interno della rete CASAMBI. Proponiamo l'abbinamento del dimmer in 24Vdc con il relativo alimentatore.

EN *Dimmer with 24Vdc input for LED modules in constant voltage (CV) of maximum power of 240W with integrated CASAMBI wireless receiver and equipped with auxiliary input that can be programmed using the app. This allows you to use any device (or groups of devices) present within the CASAMBI network. We propose the combination of the 24Vdc dimmer with the relative power supply*

DE *Dimmer mit 24Vdc Eingang für LED-Module mit Konstantspannung (CV) und max. 240 W Leistung mit integriertem kabellosem CASAMBI-Empfänger und über die Applikation programmierbarem Eingang. Dadurch kann jedes Gerät (oder Gerätegruppen) im CASAMBI-Netzwerk gesteuert werden. Wir schlagen die Kombination des 24Vdc Dimmers mit dem entsprechenden Netzgerät vor.*

FR *Variateur avec entrée en 24Vdc pour modules LED en tension constante (CV) d'une puissance maximale de 240W avec récepteur sans fil CASAMBI intégré et doté d'une entrée auxiliaire programmable depuis l'application. Cela permet de commander n'importe quel dispositif (ou des groupes de dispositifs) présent dans le réseau CASAMBI. Nous proposons l'association du variateur en 24Vdc avec l'alimentation correspondante*

BIANCO DINAMICO

Tunable White / Dynamisches Weiss /Blanc dynamique

Si sta diffondendo sempre di più la tecnologia Tunable White che permette di impostare la temperatura colore ideale per il proprio ambiente, correttamente abbinata all'orario di utilizzo. Questa particolare tipologia di led, unita al controllo CASAMBI, contribuisce a donare una sensazione di benessere in qualsiasi tipologia di ambiente, tanto più in uffici e zone commerciali, dove le persone trascorrono molto tempo.

EN *The Tunable White technology is increasingly becoming more widespread. It allows to set the ideal colour temperature for your environment and correctly combine it with the time of use. This particular type of LED, combined with the CASAMBI control, helps give a feeling of well-being in any type of environment, including offices and commercial areas, where people spend a lot of time.*

DE *Die Tunable-White-Technologie setzt sich immer mehr durch, da sie die Regelung der idealen Farbtemperatur für jedes Ambiente in Verbindung mit der Zeiteinstellung ermöglicht. Dieser besondere LED-Typ sorgt gemeinsam mit der CASAMBI-Steuerung für das Wohlbefinden in jeder Umgebung, auch in Büro- und Geschäftsräumen, wo sich die Personen lange Zeit aufhalten.*

FR *La technologie Tunable White est de plus en plus répandue. Elle consiste à régler la température de couleur idéale pour la pièce, en l'associant à un horaire d'utilisation. Ce type de LED particulier, avec la commande CASAMBI, contribue à donner une sensation de bien-être dans tous les types de pièces, en particulier dans les bureaux et les zones commerciales, où les gens passent beaucoup de temps.*

ALIMENTATORI 9010 COMPATIBILI CASAMBI PER LA GESTIONE DEL TUNABLE WHITE / *CASAMBI COMPATIBLE 9010 POWER SUPPLIES FOR THE MANAGEMENT OF TUNABLE WHITE / CASAMBI-KOMPATIBLE NETZGERÄTE 9010 FÜR DIE STEUERUNG DES TUNABLE WHITE / ALIMENTATIONS 9010 COMPATIBLES CASAMBI POUR LA GESTION DU TUNABLE WHITE*

026.287

Alimentatore multipotenza per moduli LED in corrente costante (CC) di potenza massima 38W, fornito di resistenze per la taratura dell'uscita con integrato ricevitore wireless CASAMBI e dotato di ben 2 ingressi ausiliari programmabili dall'applicazione. Questi permettono di agire su qualsiasi dispositivo (o gruppi di dispositivi) presenti all'interno della rete CASAMBI.

EN *Multi-power supply for constant current (DC) LED modules with a maximum power of 38W, equipped with resistors for the calibration of the output with integrated wireless CASAMBI receiver and equipped with 2 auxiliary inputs that can be programmed using the app. These allow to use any device (or groups of devices) present within the CASAMBI network.*

DE *Mehrleistungs-Netzgerät für LED-Module mit Konstantstrom (CC) mit max. 38 W Leistung, ausgestattet mit Widerständen zur Ausgangsregelung mit integriertem kabellosem CASAMBI-Empfänger. Die 2 über App programmierbaren Hilfseingänge dienen zum Steuern jedes Geräts (oder Gerätegruppe) im CASAMBI-Netz.*

FR *Alimentation à puissances multiples pour modules LED en courant constant (CC) d'une puissance maximale de 38W, dotée de résistances pour l'étalonnage de la sortie avec récepteur sans fil CASAMBI intégréet doté de 2 entrées auxiliaires programmables depuis l'application. Cela permet de commander n'importe quel dispositif (ou des groupes de dispositifs) présent dans le réseau CASAMBI.*

026.278

Dimmer con ingresso in 24Vdc e 4 uscite che permettono di gestire articoli e strip led Tunable White o RGBW in tensione costante (CV) con integrato ricevitore wireless CASAMBI e dotato di ben 4 ingressi ausiliari programmabili dall'applicazione. Questi permettono di agire su qualsiasi dispositivo (o gruppi di dispositivi) presenti all'interno della rete CASAMBI. Proponiamo l'abbinamento del dimmer in 24Vdc con il relativo alimentatore

EN *Dimmer with 24Vdc input and 4 outputs that allow to manage Tunable White or RGBW items and LED strips in constant voltage (CV) with integrated CASAMBI wireless receiver and equipped with 4 auxiliary inputs that can be programmed using the app. These allow to use any device (or groups of devices) present within the CASAMBI network. We propose the combination of the 24Vdc dimmer with the relative power supply*

DE *Dimmer mit 24Vdc Eingang und 4 Ausgängen zum Steuern von Leuchten und Ledstreifen mit Tunable White oder RGBW mit Konstantspannung (CV) mit integriertem kabellosem CASAMBI-Empfänger. Die 4 über App programmierbaren Hilfseingänge dienen zum Steuern jedes Geräts (oder Gerätegruppe) im CASAMBI-Netz. Wir schlagen die Kombination des 24Vdc Dimmers mit dem entsprechenden Netzgerät vor.*

FR *Variateur avec entrée en 24Vdc et 4 sorties permettant de gérer des articles et des rubans LED Tunable White ou RGBW en tension constante (CV) avec récepteur sans fil CASAMBI intégré et doté de 4 entrées auxiliaires programmables depuis l'application. Cela permet de commander n'importe quel dispositif (ou des groupes de dispositifs) présent dans le réseau CASAMBI. Nous proposons l'association du variateur en 24Vdc avec l'alimentation correspondante*

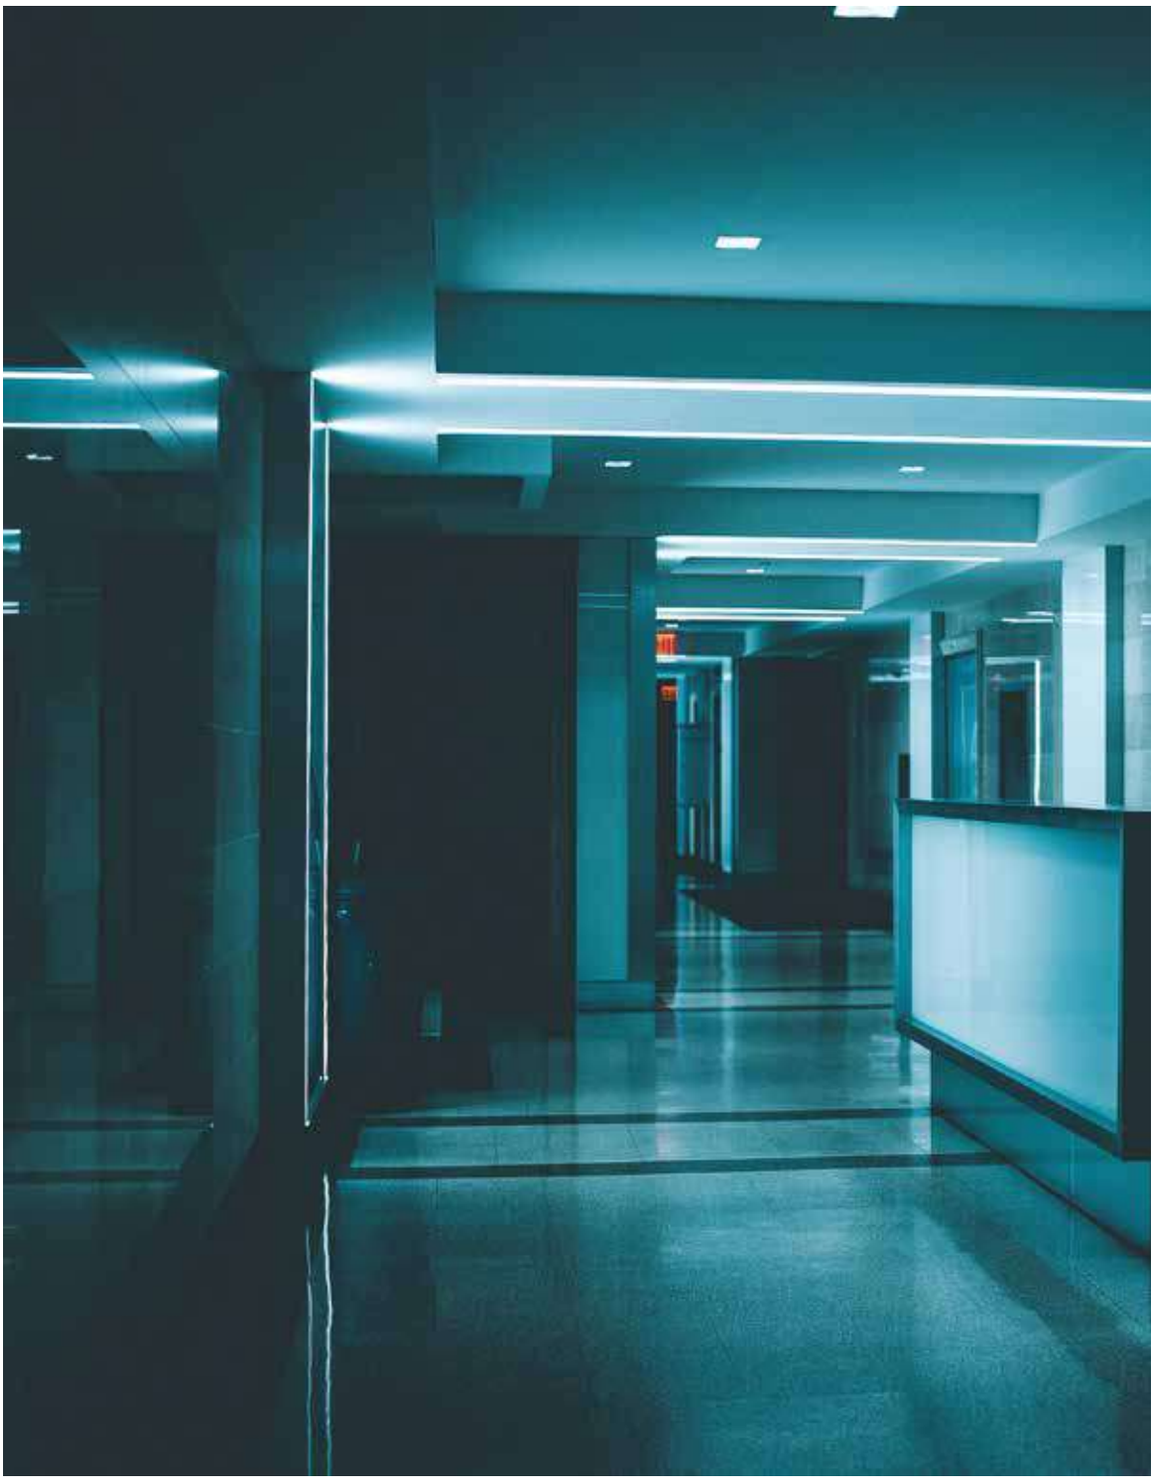
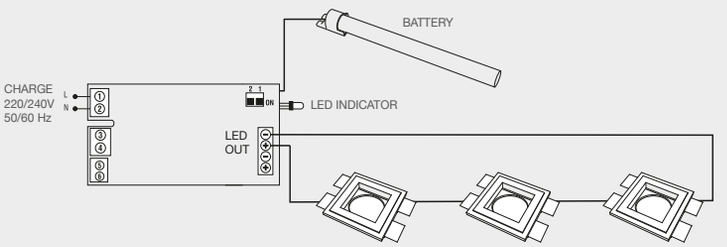
Art. 4046

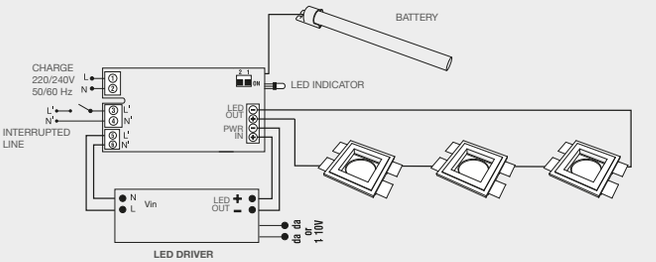


KIT EMERGENZA
Emergency kit

Collegamento solo emergenza
Emergency only connection



Collegamento emergenza + illuminazione ordinaria
Emergency connection + standard lighting



Caratteristiche principali

- Funzionamento in sola emergenza
- Funzionamento in emergenza e luce continua in abbinamento con l'alimentatore standard o dimmerabile
- Assicura 1h di autonomia con ricarica di 12 ore
- Versione multipotenza regolabile con dip-switch
- Intervento istantaneo ad ogni mancanza di rete
- Batterie al NiCd in grado di funzionare ad alta temperatura ermetica
- Dispositivo di protezione contro le scariche prolungate
- Tipo di protezione IP20
- Conformità alle norme EN61347-2-13, EN61347-2-7, EN61547, EN55015, EN60598-2-22, EN61000-3-2, SELV
- Collegamento in scatola remota con l'eventuale alimentatore standard o dimmerabile

EN *Main features*

- *Use as emergency kit only*
- *Emergency and continuous light in combination with the standard or dimmable power supply*
- *1hour operational autonomy after 12-hour charging*
- *Adjustable multi power version with dip-switch*
- *Instant response at any power failure*
- *"High temperature" NiCd sealed batteries*
- *Protection device against extensive discharge*
- *IP20 protection index*
- *Compliance with standards EN61347-2-13, EN61347-2-7, EN61547, EN55015, EN60598-2-22, EN61000-3-2, SELV*
- *Connection in remote box with the standard or dimmable power supply, if present.*

DE Hauptmerkmale

- *Betrieb nur im Notfall*
- *Notbetrieb und Dauerlicht in Verbindung mit Standard- oder dimmbarem Netzgerät*
- *1h garantierter Betrieb mit 12 Stunden Aufladung*
- *Mehrleistungsausführung mit DIP-Schalter regelbar*
- *Sofortiges Einschalten bei Netzausfall*
- *Hermetische NiCd-Batterie für den Betrieb bei hohen Temperaturen*
- *Schutzvorrichtung gegen lange Entladungen*
- *Schutzart IP20*
- *Entspricht den Normen EN61347-2-13, EN61347-2-7, EN61547, EN55015, EN60598-2-22, EN61000-3-2, SELV*
- *Anschluss in dezentralem Gehäuse mit Standard- oder dimmbarem Netzgerät*

FR *Caractéristiques principales*

- *Fonctionnement en urgence uniquement*
- *Fonctionnement en urgence et lumière continue avec alimentation standard ou à variateur :*
- *Garantit 1 h d'autonomie avec une recharge de 12 heures*
- *Version puissances multiples réglable avec commutateur DIP*
- *Intervention instantanée à chaque manque de réseau*
- *Batteries avec NiCd en mesure de fonctionner à haute température étanche*
- *Dispositif de protection contre les décharges prolongées*
- *Type de protection IP20*
- *Conforme aux normes EN61347-2-13, EN61347-2-7, EN61547, EN55015, EN60598-2-22, EN61000-3-2, SELV*
- *Branchement dans un boîtier distant avec l'éventuelle alimentation standard ou à variateur*

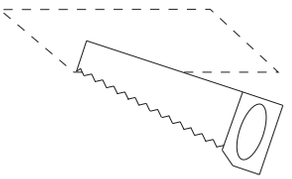
SISTEMI DI INCASSO

Installation systems / Einbausysteme / Système de montage

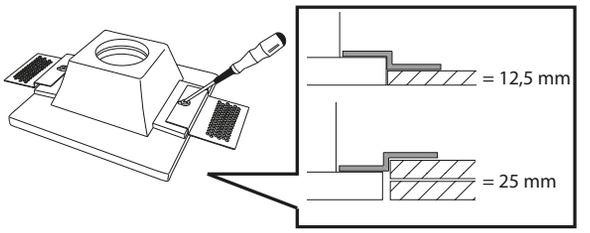
1. Tagliare

Cut / Schneiden / Couper



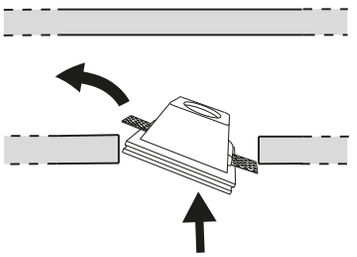
2. Avvitare lamelle

Screw metal strips / Metallstreifen einschrauben / Visser les ailettes metaliques



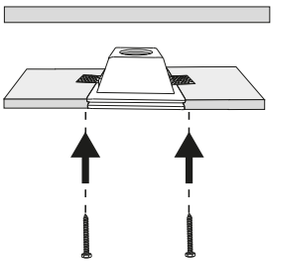
3. Posizionare articolo

Insert the article / Artikel einsetzen / Insérer l'article



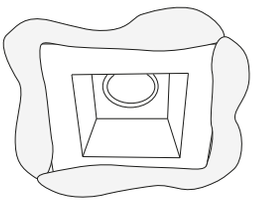
4. Fissare viti

Fix screws / Schrauben befestigen / Fixer les vis



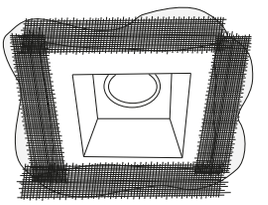
5. Prima stuccatura

First plaster finish / Erster Verputz / Première passe de l'enduit



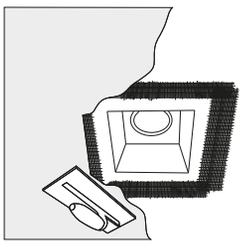
6. Nastro a rete

Joint reinforcing Tape / Verstärkungsband / Fixation de la bande placo plâtre



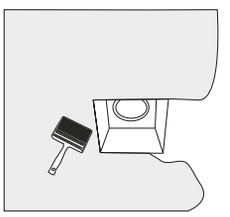
7. Seconda stuccatura

Second plaster finish / Zweiter Verputz / Seconde passe de l'enduit



8. Pittura

Painting / Malerei / Peinture



SISTEMA MULTITAGLIA

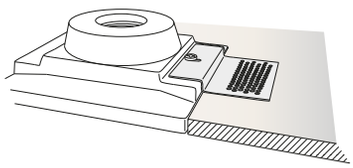
Multi-size system

Gli articoli 9010 contrassegnati dal simbolo sono dotati del sistema “multitaglia”, ovvero prevedono la possibilità, grazie ad una particolare staffa di fissaggio, di essere installati indifferentemente su cartongesso in singola lastra da 12.5mm o doppia lastra da 25mm. Su richiesta è disponibile un kit per l’installazione su singola lastra da 15mm o doppia lastra da 30mm

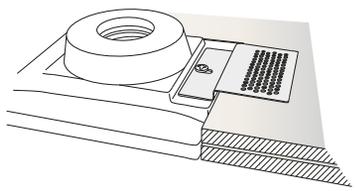
EN *The 9010 articles marked with this symbol are equipped with a “multisize” system. Thanks to the special metal fixing wings, such products can be installed either in 12.5mm thickness single plasterboard or in 25mm thickness double plasterboard. Available on request a special kit for 15mm thickness single plasterboard or 30mm thickness double plasterboard.*

DE *Die mit dem Symbol gekennzeichneten Artikel 9010 sind mit dem “Mehrgrößensystem” ausgestattet. Dank eines speziellen Befestigungsbügels können sie beliebig auf Gipskartonplatten mit 12,5 mm Einzelbeplankung oder 25 mm Doppelbeplankung installiert werden. Auf Wunsch ist außerdem eine Ausrüstung zum Installieren auf 15 mm Einzelplatte oder 30 mm Doppelplatte erhältlich.*

FR *Les articles 9010 marqués par le symbole sont dotés du système “ multi-dimensions “, c’est-à-dire qu’ils prévoient la possibilité, grâce à un étrier de montage particulier, d’être installés indifféremment sur une plaque de plâtre de 12,5 mm ou sur une plaque double de 25 mm. Un kit d’installation sur plaque simple de 15 mm ou plaque double de 30 mm est disponible sur demande.*



= 12,5 mm



= 25,00 mm

ADVANCED MOUNTING SYSTEM

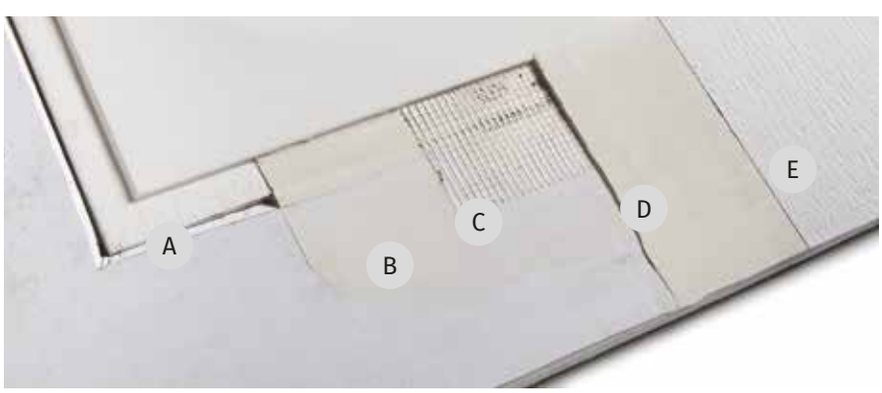
ADVANCED MOUNTING SYSTEM

Gli articoli del catalogo 9010 sono proposti con l’“Advanced Mounting System”: lungo tutto il perimetro esterno dell’articolo uno scalino di un paio di millimetri permette una applicazione facilitata della retina. Questo permette inoltre che in fase di stuccatura/ rifinitura non si vada a toccare la parte in vista dell’articolo.

EN *The articles of the 9010 catalogue are also equipped with the “Advanced Mounting System”. The external perimeter of the downlight has a 2 mm step that improves the application of the joint reinforcing tape. Furthermore finishing and plastering of the product is more precise, avoiding unpleasant imperfections on the plaster surface of the product*

DE *Die Artikel 9010 sind mit dem “Advanced Mounting System” ausgestattet: Am Außenumfang des Produkts befindet sich eine Abstufung von ein paar Millimetern, um das Abdeckband leichter einzusetzen. Dadurch wird verhindert, dass der sichtbare Teil des Produkts beim Spachteln und Fertigbearbeiten verletzt wird.*

FR *Les articles 9010 sont disponibles avec l’ “Advanced Mounting System” : sur tout le contour externe de l’article, une ailette de quelques millimètres permet d’appliquer facilement la trame. Pendant l’étape de jointoiement/finition, cela permet également de ne pas toucher la partie visible de l’article.*



A. Articolo / *Article / Artikel / Article*

B. Prima stuccatura / *First plaster finish / Erster Verputz / Premiere passe de l’enduit*

C. Nastro a rete / *Joint reinforcing Tape / Verstärkungsband / Fixation de la bande placo plâtre*

D. Seconda stuccatura / *Second plaster finish / Zweiter Verputz / Seconde passe de l’enduit*

E. Intonaco / *Last finish / Letzter Verputz / Enduit final*

CASSAFORMA per calcestruzzo / laterizio

HOUSING BOX for concrete / brickwork / EINBAUGEHÄUSE für Betonwand / Mauer / BOÎTIER ENCASTREMENT pour béton / briques

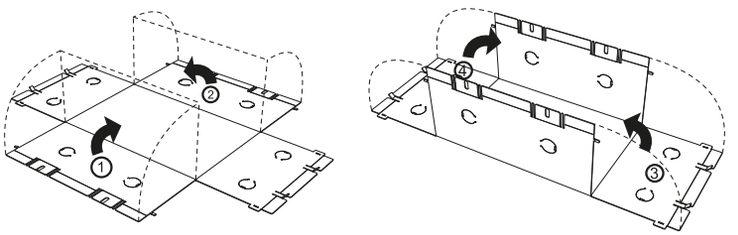
Il sistema delle controcasse permette il montaggio degli spot ad incasso anche nelle pareti in calcestruzzo o laterizio

EN *The Housing Box system allows to mount the spotlights into concrete or brickwork*

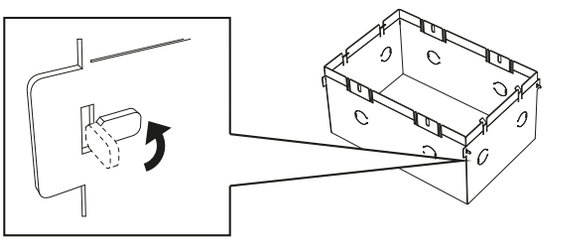
DE *Die Montage der Einbaugehäuse erlaubt es, die Strahler in Betonwand oder Mauer zu installieren*

FR *Le système de la boite de réservation permet l'installation des produits encastrés dans les surfaces en béton ou en brique*

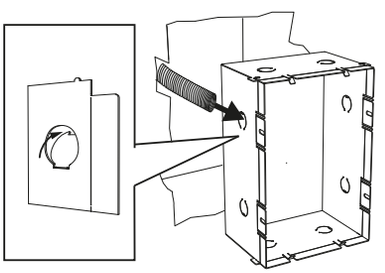
1. Piegare nella sequenza indicata dai bollini
Bend according to stickers sequence / Biegen Sie nach Aufkleberreihenfolge / Plier selon la séquence des autocollants



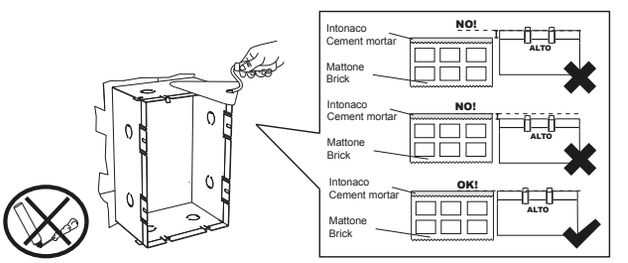
2. Piegare l'aletta di chiusura
Bend the metal fixing strip / Biegen Sie den Befestigungsstreifen / Plier la bande de fixation



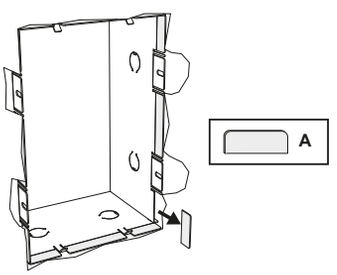
3. Piegare verso l'interno per il passaggio dei tubi
Bend inwards to insert the tubes / Biegen Sie, um die Röhren einzusetzen / Plier vers l'intérieur pour insérer les tubes



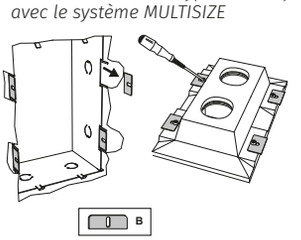
4. Murare a livello dell'intonaco
Cement with the level of the cement mortar / Zementieren Sie bündig mit dem Zementmörtel / Enduire au ras du niveau du mortier



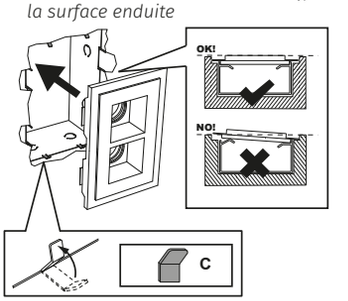
5. Staccare tutte le lamelle di tipo A
Remove type A metal strip / Entfernen Sie den Metallstreifen Typ A / Retirer les bandes type A



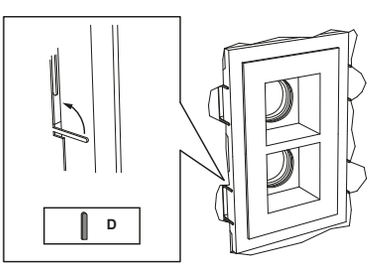
6. Staccare le lamelle di tipo B e fissarle sull'articolo con sistema MULTISIZE
Remove type B metal strip and fix them onto the MULTISIZE article / Entfernen Sie den Metallstreifen Typs B und auf dem Artikel MULTISIZE befestigen / Retirez les bandes type B et les fixer sur l'article avec le système MULTISIZE



7. Inserire l'articolo a filo intonaco
Insert with the level of the cement mortar / Legen Sie den Artikel bündig mit dem Zementmörtel / Insérer l'article affleure de la surface enduite



8. Piegare i piolini di tipo D per fissare l'articolo
For fixing the article, bend the type D metal pins / Biegen Sie zum Fixieren des Artikels die Metallstreifen des Typs D / Pour fixer l'article, pliez les bandes type D



9. Stuccatura e rasatura finale
Final plastering and smoothing / Verputzen und glätten / Enduit final et lissage

INSTALLAZIONE A REGOLA D'ARTE

Professional installation / Professionelle Installation / Installation professionelle

Pochi e precisi passaggi per ottenere dei perfetti risultati estetici e duraturi nel tempo con profili in ALUMITE®. Il fissaggio dei profili alle lastre in cartongesso deve essere eseguito con viti autoforanti per cartongesso distanziate non più di 22 cm l'una dall'altra. Utilizzando per la stuccatura e rasatura rispettivamente: Uniflott e Fugenfueller della ditta KNAUF, è garantita una installazione a regola d'arte.

EN *Few and precise instructions to get long-lasting and esthetically perfect results with ALUMITE® profiles. The fastening of the profiles to the plasterboard can be carried out with common self-tapping screws spaced no more than 22 cm from each other. Using Uniflott and Fugenfueller from the company KNAUF for filling and finishing, a professional installation is guaranteed.*

DE *Wenige präzise Hinweise, um perfekte ästhetische und auf Dauer haltbare Ergebnisse mit den ALUMITE®-Profilen zu erzielen. Die Befestigung der Profi le an den Gipsplatten erfolgt mit herkömmlichen selbstschneidenden Gipsplattenschrauben in einem Abstand von nicht mehr als 22 cm zueinander. Um die Produkte fachgerecht zu installieren, verwenden Sie die Produkte UNIFLOTT und FUGENFÜLLER der Firma KNAUF für eine garantiert fachgerechte Installation.*

FR *Il suffit de quelques étapes précises pour obtenir des résultats esthétiques parfaits et durables dans le temps avec les profilés en ALUMITE®. La fixation des profilés dans le placo-plâtre , doit s'effectuer avec des vis auto-perforantes adaptées à ce type de matériau et espacées au maximum de 22 cm l'une de l'autre. En utilisant respectivement les techniques d'enduisage et lissage des produits : Uniflott et Fugenfueller de la Maison KNAUF assurent une installation dans les les règles de l'art.*

1.

Fissare con le viti
Fix with screws
Mit Schrauben befestigen
Fixation avec vis

2.

Posizionare lo schermo usa-getta
Position the disposable screen
Einweg-Abdeckung positionieren
Placer le diffuseur à usage unique

3.

Stuccare
Plaster
Verputzen
Enduire

4.

Colorare
Colour
Färben
Colorer

5.

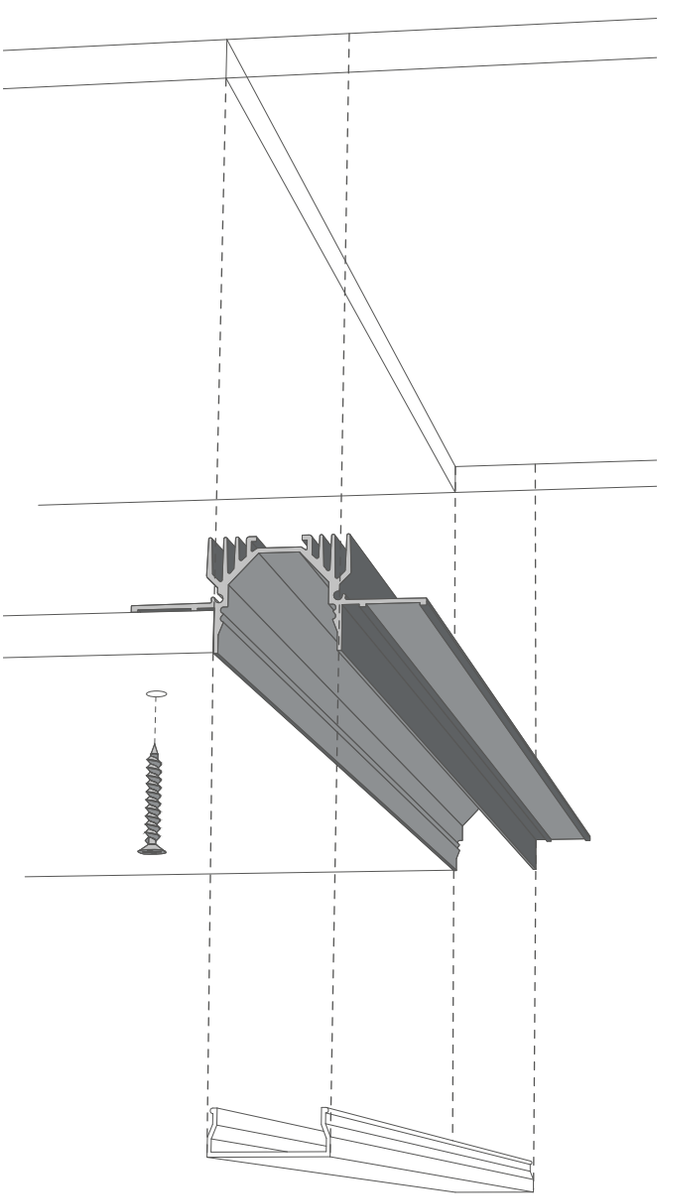
Incidere e togliere lo schermo usa-getta
Cut and remove the disposable screen
Einschneiden und Einweg-Abdeckung abnehmen
Couper et enlever le diffuseur à usage unique

6.

Inserire LED
Insert led
Strip Led einlegen
Insérer le LED

7.

Posizionare schermo definitivo
Apply the final screen
Abdeckung aufdrücken
Appliquer le diffuseur opal définitif



INSTALLAZIONE SU LATERIZIO

Installation on brickwork / Einbau auf Mauerwerk / Installation sur briques

I nostri profili P002 – P003 - P004 - P012 - P013 possono essere installati sia su muratura in laterizio sia su cemento con le normali attrezzature presenti in cantiere e non necessitano di controcassa.

EN *Our profiles P002 – P003 – P004 - P012 - P013 can be installed into brickwork and concrete wall or ceiling with standard tools present on all building sites and do not need the housing box.*

DE *Unsere Profi le P002 – P003 – P004 - P012 - P013 können auf Mauerwerk oder auf Betonwand mit den Standardwerkzeugen einer Baustelle montiert werden; Einbaugehäuse werden nicht benötigt.*

FR *Nos profilés P002 – P003 – P004 - P012 - P013 peuvent être installés sur les surfaces en béton et briques avec les équipements normaux présents sur le site et ne nécessitant pas de revêtement extérieur.*

1.

Preparare la scanalatura
Arrange wall chases
Mauerschlitze ausführen
Préparer une saignée dans le mur

2.

Fissare con le viti
Fix with screws
Mit Schrauben befestigen
Fixation le profilés avec les vis

3.

Intonacare
Plaster
Verputzen
Enduire

4.

Rimuovere lo schermo protettivo solo a fine tinteggiatura
Remove protective screen only after the final painting
Schutz-Abdeckung nur nach der Wandlackierung entfernen
Enlevez la couverture de protection seulement après la peinture finale

INSTALLAZIONE RAPIDA CON P012 - P013

Quick installation with P012 - P013 / Schnelle Installation mit P012 - P013 / Installation rapide avec P012 - P013

9010 presenta i profili P012 e P013 a luce diretta rispettivamente da 15 e 30mm che permettono un notevole risparmio di tempo in fase di installazione, in particolare nel realizzare la struttura portante del soffitto o della parete.

EN *9010 presents the P012 and P013 profiles with direct light respectively with a 15 and 30 mm length allowing for considerable time saving during installation, in particular when creating the ceiling or wall supporting structure.*

DE *9010 präsentiert die Stromschienen P012 und P013 mit direktem Licht, Größe 15 bzw. 30 mm, für die Zeiteinsparung bei der Installation, besonders dann, wenn der tragende Aufbau für Decke und Wand erstellt werden muss.*

FR *9010 présente les profils P012 et P013 à lumière directe, respectivement de 15 et 30 mm, qui permettent de réaliser une économie de temps considérable pendant l'installation, en particulier lors de la réalisation de la structure portante du plafond ou du mur.*

1.

I profili P012 e P013 possono essere fissati direttamente alla struttura

EN *The P012 and P013 profiles can be fixed directly to the structure*

DE *Die Profile P012 und P013 können direkt an der Struktur befestigt werden.*

FR *Les profils P012 et P013 peuvent être fixés directement sur la structure*

2.

Ed essere tamponati in seguito con lastre in cartongesso da 12.5mm

EN *And be plugged subsequently with 12.5 mm plasterboard sheets*

DE *Sie werden danach mit 12,5 mm starken Gipsplatten ausgefacht*

FR *Et être recouverts plus tard de plaques de placoplâtre de 12,5 mm*

INFORMAZIONI DI CARATTERE GENERALE

Tutti i prodotti 9010, fatto salvo i prodotti con LED incluso, sono forniti senza lampadina.
Fornitura dell'alimentatore:
parti elettriche GU5.3/GU4/ G53: l'alimentatore non è incluso nella fornitura.
prodotti 9010 con LED incluso: sono disponibili alimentatori con varia potenza secondo le indicazioni riportate nella pagina di ogni articolo.
La garanzia dei prodotti 9010 con LED decade con utilizzo di alimentatori non forniti da 9010 e/o in caso di inosservanza delle istruzioni di collegamento.
Le etichette energetiche sono disponibili su richiesta o scaricabili dal sito www.9010.it.
I cataloghi e la documentazione tecnica completa sono disponibili su richiesta o scaricabili dal sito www.9010.it.
I dati fotometrici sono disponibili su richiesta o scaricabili dal sito www.9010.it
Tutti i prodotti sono conformi alle direttive CE. Valutazioni tecniche sulle certificazioni di sicurezza sono disponibili su richiesta.
Rivolgersi a personale qualificato per il collegamento. Eseguire una prova accurata del collegamento dell'alimentazione del dispositivo a LED, prima di eseguire la stuccatura finale degli spot.
Belfiore Srl si riserva la facoltà di apportare variazioni di dati caratteristici, materiali, design, stili, tonalità, senza alcun preavviso.
I Marchi 9010®, CRISTALY9010®, ALUMITE9010®, CONTRETE9010®, SONORE9010® sono di proprietà di Belfiore Srl.

GENERAL INFORMATION

All 9010 products are delivered without bulb, except for products having LED included.
Power supply deliveries:
electrical parts GU5.3/GU4/ G53: the power supply is not included.
products with LED included: a wide range of power supplies are available, according to the indications in the catalogue page.
The warranty of 9010 LED products is not applicable in case of connection with Power Supplies that are not delivered by 9010 and/or in case of failure/non conformity with the mounting/connection instructions.
Energy Labels are available on demand or downloadable at www.9010.it.
Our catalogues and the technical documents are available on demand or downloadable at www.9010.it.
Photometric Data are available on demand or downloadable at www.9010.it.
All our products comply with CE Directives. Technical evaluations on safety certifications are available on demand.
Always contact qualified personnel for the wire connection. An accurate test of the electrical connection of the power supply with the LED device, has to be carried out before the final plaster and finish of the recessed light.
Belfiore Srl reserves the right to carry out variations to technical details, materials, design, style, colors with no previous notice.
The brands 9010®, CRISTALY9010®, ALUMITE9010®, CONTRETE9010®, SONORE9010® are registered trademarks of Belfiore Srl.

ALLGEMEINE INFORMATIONEN

Alle Produkte 9010, mit Ausnahme jener inklusive LED, werden mit Leuchtmittelfassung aber ohne Leuchtmittel geliefert.
Lieferung des Betriebsgeräts:
Elektrische Teile GU5.3/GU4/G53 der Betriebsgeräte sind nicht im Lieferumfang enthalten.
Produkte 9010 inklusive LED: es sind Betriebsgeräte mit unterschiedlicher Leistung erhältlich, gemäß Angaben auf der Seite der einzelnen Artikel.
Die Garantie der Produkte 9010 mit LED verfällt, wenn sie nicht mit den für die Artikel 9010 gelieferten Betriebsgeräte verwendet bzw. die Anleitungen für den Anschluss missachtet werden.
Die Energieetiketten sind auf Anfrage verfügbar oder können von der Webseite www.9010.it heruntergeladen werden.
Die Kataloge und die vollständigen technischen Unterlagen sind auf Anfrage verfügbar oder können von der Webseite www.9010.it heruntergeladen werden.
Die fotometrischen Daten sind auf Anfrage verfügbar oder können von der Webseite www.9010.it heruntergeladen werden.
Alle Produkte entsprechen den EG-Richtlinien. Technische Bewertungen der Sicherheitszertifikate sind auf Anfrage verfügbar. Wenden Sie sich für den Anschluss an qualifiziertes Personal. Vor dem endgültigen Verputzen der Einbauleuchten muss der korrekte Anschluss des Betriebsgeräts des LED-Elements sorgfältig kontrolliert werden.
Belfiore Srl behält sich das Recht vor ohne Voranmeldung Änderungen an den Werkstoffen, am Design, am Stil und an der Färbung vorzunehmen.
Die Marken 9010®, CRISTALY9010®, ALUMITE9010®, CONTRETE9010®, SONORE9010® sind Eigentum der Belfiore Srl.

INFORMATIONS À CARACTÈRE GÉNÉRAL

Tous les produits 9010, à l'exception des produits avec LED incluse, sont fournis sans ampoule.
Fourniture de l'alimentation :
pièces électriques GU5.3/GU4/ G53 : l'alimentation n'est pas fournie
produits 9010 avec LED incluse : des alimentations avec différentes puissances sont disponibles, selon les indications sur la page de chaque article
La garantie des produits 9010 à LED expire en cas d'utilisation d'alimentations non fournies par 9010 ou en cas de non-respect des instructions de raccordement.
Les étiquettes-énergie sont disponibles sur demande ou peuvent être téléchargées depuis le site www.9010.it
Les catalogues et la documentation technique complète sont disponibles sur demande ou peuvent être téléchargés depuis le site www.9010.it.
Les données photométriques sont disponibles sur demande ou peuvent être téléchargées depuis le site www.9010.it
Tous les produits sont conformes aux directives CE. Les évaluations techniques sur les certifications de sécurité sont disponibles sur demande.
S'adresser à un personnel qualifié pour le raccordement. Effectuer un test du raccordement de l'alimentation du dispositif à LED avant d'effectuer lèenduite et peinture des produits encastrés.
Belfiore Srl se réserve le droit de modifier sans préavis les détails techniques, les matériaux, le design, le style et les couleurs.
Les marques 9010®, CRISTALY9010®, ALUMITE9010®, CONTRETE9010®, SONORE9010® appartiennent à Belfiore Srl.
